The subject is matter Turning a wall in to a window *The Efficacy of Architecture* Tahl Kaminer, 2016-12-08 A significant  
ideological transition has taken place in the discipline of architecture in the last few years Originating in a displeasure with  
the starchitecture system and the focus on aesthetic innovation a growing number of architects emboldened by the 2007 8  
economic crisis have staged a rebellion against the dominant mode of architectural production Against a disinterested  
position emulating high art they have advocated political engagement citizen participation and the right to the city Against  
the fascination with the rarefied architectural object they have promoted an interest in everyday life play self build and  
personalization At the centre of this rebellion is the call for architecture to re assume its social and political role in society  
The Efficacy of Architecture supports the return of architecture to politics by interrogating theories practices and instances  
that claim or evidence architectural agency It studies the political theories animating the architects revisits the emergence of  
reformist architecture in the late nineteenth century and brings to the fore the relation of spatial organization to social forms
