**Book of Acts in Its Ancient Literary Setting** Winter|Clark,1993 The Book of Acts in Its Ancient Literary Setting includes fourteen chapters devoted to the literary framework that undergirds the Book of Acts Topics include the text as historical monograph ancient rhetoric and speeches the Pauline corpus biblical history subsequent ecclesiastical histories and modern literary method All of these chapters arise out of a consultation by the project s scholars at Cambridge in March 1993 *The Book of Acts in Its Ancient Literary Setting* Bruce W. Winter,Andrew D. Clarke,1993 This study examines some key approaches to ecumenical social ethics in the past century as expressed in the thought of Walter Rauschenbusch Reinhold Niebhur and the World Council of Churches The author argues that unless Christians are clear about the ways that theology and philosophy relate to one another and work themselves out in our practical commitments we will lose the ability to discuss social ethics as individuals and churches let alone reach effective arguments *Book of Acts in Its Ancient Literary Setting* Bruce W. International Bulletin of Missionary Research From Cairo to Calcutta from Cochabamba to Columbus Christians are engaged in a conversation about how to speak and live the gospel in today's traditional, modern, and emergent cultures. The technical term for their efforts is contextualization. Missionary theorists have pondered and written on it at length. More and more those who do theology in the West are also trying to discover new ways of communicating and embodying the gospel for an emerging postmodern culture. But few have considered in depth how the early church contextualized the gospel. And yet the New Testament provides numerous examples. As both a crosscultural missionary and a New Testament scholar, Dean Flemming is well equipped to examine how the early church contextualized the gospel and to draw out lessons for today. By carefully sifting the New Testament evidence, Flemming uncovers the patterns and parameters of a Paul or Mark or John as they spoke the Word on target, and he brings these to bear on our contemporary missiological task. Rich in insights and conversant with frontline thinking, this is a book that will revitalize the conversation and refresh our speaking and living the gospel in today's cultures, whether in traditional, modern, or emergent contexts. *Paul the Reluctant Witness* Blake Shipp, 2005-11-01. In this stimulating analysis, Shipp provides the reader with an introduction and critique of literary rhetorical analysis, as well as an in-depth treatment of the triple account of Paul's Damascus Road experience in Acts. Luke used the repetition of the Damascus narrative as a literary device, identifying Pauline disobedience and resistance and the transformation of these characteristics. With the first Damascus narrative, Luke provided the reader with a paradigmatic image of resistance transformed. Luke used the Damascus narratives and these themes to bracket the Paulusbild, fashioning the trial narrative into an extended period of transformation of Pauline resistance. Beginning in 19:21, Paul resisted the leading of the Holy Spirit and his appointed location of witness. He was an intentionally forceful actor resisting God. God bound this intentionally forceful actor in chains. In this opening scene of the Paulusbild, Luke included the second Damascus narrative (21:33-22:24a). The themes emphasized in the narrative were those of Saul intentionally resisting gospel expansion and God's subsequent overcoming of Saul. Saul was physically restored through Ananias but not fully transformed. He is not yet an empowered and intentionally forceful witness. At the end of the Paulusbild, as Paul is headed to Rome, Luke included the final Damascus narrative (25:23-26:32). Paul was headed to Rome but not in the freedom intended by God. He remained in chains because of his own actions. Thus his character was one of tension. The Damascus narrative that Luke included demonstrates Saul's intentionally forceful resistance to the gospel. However, the vacating of power and overcoming of Saul is suppressed, and the theme of the transformation of resistance to empowered witness is emphasized. Nonetheless, the character of Saul in the speech does not match the character of Paul in the narrative. Tension remains, but the projected direction of transformation is evident. Paul is headed to Rome. The vision of grace has effected a transformation in Saul but not yet in Paul. If the trajectory of transformation continues, then Paul should once again be an intentionally forceful, empowered witness for the gospel when he arrives in Rome. from Chapter 5 *Divine Initiative and the Christology of the*

Damascus Road Encounter Timothy W. R. Churchill, 2010-04-28 The Damascus road encounter between Jesus and Paul is foundational to understanding the early development of Christology and indeed Christianity since it is the first appearance of the post ascension Jesus contained in the earliest Christian literature This study examines the encounter as it is described in Paul's epistles and the book of Acts Since Paul interprets his experience within the Jewish tradition this study begins with a survey of epiphany texts in the Old Testament and other ancient Jewish literature This reveals two new categories for appearances of God angels and other heavenly beings Divine Initiative and Divine Response This survey also finds two distinct patterns of characterization for God and other heavenly beings These findings are then applied to Paul's accounts of his Damascus road encounter Paul depicts the encounter as a Divine Initiative epiphany This conclusion is significant since it argues against the current view that the encounter was a merkabah vision Paul's Christology in the Damascus road encounter is also significant since Jesus is characterized as divine Such divine characterization is not typical for heavenly beings in first century CE epiphany texts Thus a high Pauline Christology appears to be present at a very early point The three accounts of the Damascus road encounter in Acts also fit the pattern of Divine Initiative not merkabah and exhibit the high Christology of Paul's accounts In fact the three accounts in Acts are shown to form an intentionally increasing sequence culminating in the revelation that Paul was called to be an apostle by Jesus himself on the Damascus road

*Jesus and the Heritage of Israel* David P. Moessner, 1999-11-01 In the first volume of this long anticipated collection by Moessner and Tiede seventeen leading scholars of antiquity present an amazing sea change of opinion that Luke is indeed the interpreter of Israel The book represents an unprecedented international consensus that the Hellenistic author Luke composed a carefully crafted narrative in two parts to claim Jesus of Nazareth as Israel's true heritage and enduring legacy to the world Part One explores the nature of Luke's prologues and his intention to

write a narrative of events brought to fruition using the narrative conventions and audience expectations of the Greco Roman milieu Part Two illuminates the relation of Luke s second volume to the first by inquiring about the consistency and coherence of his narrative thematic strategies in retelling the story of Israel s legacy of the Christ Whether Luke completed Acts the larger role of Paul and most significantly the meaning of Israel by the end of Acts are approached from new perspectives and charged with provocative insights In addition to the volume editors the contributors include L Alexander D Schmidt V Robbins C Thornton R Pervo W Kurz C Holladay G Sterling D Balch E Plmacher Charles H Talbert J H Hayes D Marguerat M Wolter R Tannehill and I H Marshall David P Moessner is Professor of Biblical Theology at the University of Dubuque Theological Seminary
