## Of The Worlds Worst Decisions:

Book of the World's Worst Decisions Crown, David Frost, 1988-12-01      History's Worst Decisions Stephen Weir, 2005  
History is strewn with mistakes Many made by well intentioned people who were bright intelligent capable but just made the wrong decision      **Unforced Errors: 15 Bad Decisions That Changed American History** Robert Blaemire, 2025-09-12  
Americans often use terms such as To err is human or nobody s perfect or we all make mistakes Of course this is true as it is for all of America s leaders through the years This book is about decisions made in politics or public policy that may be considered unwise bad decisions that had unintended negative consequences for the decision maker This will not include personal decisions like deciding who to marry or whether to get divorced but rather to look at those political and policy decisions that can be considered at the very least unwise Similarly Kennedy s decision to visit Dallas in November 1963 led to his death but doesn t really qualify as a decision of real political or policy calculation Lincoln going to Ford s theatre would be in that same category Instead Unforced Errors lists 15 political calculations made by political figures often at the pinnacle of their own success which changed American history      *Disputed Decisions of World War II* Mark Thompson, 2020-01-17 A former Harvard professor of decision science and game theory draws on those disciplines in this review of controversial strategic and tactical decisions of World War II Allied leaders although outstanding in many ways sometimes botched what now is termed meta decision making or deciding how to decide Operation Jubilee a single division raid on Dieppe France in August 1942 for example illustrated the pitfalls of groupthink In the Allied invasion of North Africa three months later American and British leaders fell victim to the planning fallacy having unrealistically rosy expectations of an easy victory In Sicily in the summer of 1943 they violated the millennia old principle of command unity now re endorsed and elaborated on by modern theorists Had Allied strategists understood the game theory of bluffing in January 1944 they might well not have landed two plus divisions at Anzio in Italy      The World Decision Robert Herrick, 1916 Pt 1 Italy pt 2 France pt 3 America  
    **Official Report of the Fifth Universal Peace Congress** ,1893      **David Frost's Book of the World's Worst Decisions** ,1983      *Judicial recall. Menace of socialism. Minimum wage. Price maintenance. Uniform state laws. 3 years course for A.B. The menace of Roosevelt* Rome Green Brown, 1917      **The Worst Decisions... Ever!** Stephen Weir, 2018-01-24 History s biggest mistakes and the people who made them Get the lowdown on some of the most significant misjudgments of all time Revisit history s biggest miscalculations and the people who made them From Adam and Eve to Rasputin and General Custer meet heroes and villains from throughout the ages Illustrated with full colour photographs and illustrations The Worst Decisions Ever takes you through the disastrous events as they unfolded from ancient to modern times History is a catalogue of errors and The Worst Decisions Ever shines a light on some of the biggest Starting with Adam and Eve s original lapse of culinary judgment author Stephen Weir takes you on a tour from the Trojan War to the Enron scandal meeting such famous culprits as Cleopatra Winston Churchill and Robert Mugabe along the way      **Dunallan; or,**

**Know what you judge, by the author of The decision** Grace Kennedy,1876    In the Valley of Decision Lynn Harold Hough,1916    **The American Decisions** ,1886    **Decision of Character** John Foster,1882    *Digest; Review of Reviews Incorporating Literary Digest* ,1929    **Illustrated Sporting & Dramatic News** ,1930    **The Ohio Law Reporter** ,1914    **National Municipal Review** ,1926    The Great Decision: the Secret History of the Atomic Bomb Michael Amrine,1959 An informative account of some of the events surrounding President Truman s decision to use the atom bomb against the Japanese    The American Law Review ,1900    The Worst Decisions Ever Made Jessica Dj Jones, Jessica Jones,2026-01-11 History is often told as a story of progress But just as often it is a record of decisions that should never have been made choices driven by fear arrogance ignorance desperation or the belief that consequences could be ignored The Worst Decisions Ever Made examines history through a different lens not heroes and victories but moments where a single decision reshaped lives nations and generations usually for the worse This book is not a list of accidents or unavoidable tragedies It is a study of human choice Inside you ll encounter decisions made by rulers governments institutions movements and individuals who believed they were acting wisely or at least necessarily only to unleash outcomes far beyond their control Some decisions were born of confidence Others of panic Many were justified at the time as reasonable temporary or for the greater good History judged them differently This book explores Policies that destroyed economies instead of stabilizing them Wars launched on assumptions that proved catastrophically wrong Ideologies that promised order and delivered suffering Technologies adopted before their consequences were understood Social and political choices that traded long term stability for short term relief Rather than sensationalizing failure each chapter focuses on the reasoning behind the decision what people believed what they ignored and why warning signs were dismissed You ll see how Power narrows perspective Groupthink silences dissent Certainty replaces evidence Fear accelerates irreversible choices And once a decision is made institutions work harder to defend it than to correct it This is not a book about mocking the past It is a book about recognizing patterns that still repeat today Many of the worst decisions in history were not made by villains They were made by ordinary people in authority who believed they were being practical decisive or strong That is what makes them dangerous Written in clear accessible language The Worst Decisions Ever Made is ideal for readers who are curious about history psychology power and human behavior and who want to understand how catastrophic outcomes often begin with decisions that felt justified at the time This book does not tell you what to think It invites you to look closely at how thinking fails under pressure Because the most important question history asks is not How did this happen but Would we recognize it if we were doing it again
