Home Rule Alvin Jackson, 2003 Alvin Jackson's *Home Rule An Irish History* examines the development of Home Rule and devolution in Ireland from the nineteenth century to the present. It traces some of the main themes in Irish peace making from their late Victorian roots to the beginning of the millennium. It explores the origins of the Good Friday Agreement and many of the interconnections between Irish political history and contemporary affairs. The work offers an incisive reappraisal of different political leaders through the period. Drawing on new archival evidence, *Home Rule* illuminates a crucial aspect of British and Irish history over a two hundred year span. **BOOK JACKET**

**British Conservative Leaders** Charles Clarke, Toby S. James, Tim Bale, Patrick Diamond, 2025-09-30 As the party that has held power more times than any other, the Conservatives have played a crucial role in the shaping of British society. And yet the leaders who have stood at its helm from Sir Robert Peel to Rishi Sunak via Winston Churchill and Margaret Thatcher have steered the party vessel with enormously varying degrees of success, particularly latterly when the short but destructive tenures of Boris Johnson and Liz Truss did much to damage the party's reputation for competence. The requirements, techniques and goals of Conservative leadership since the party's nineteenth century factional breakaway have been forced to evolve almost beyond recognition and not all its leaders have managed to keep up. This comprehensive and enlightening book, now fully updated with chapters on all Conservative leaders up to Rishi Sunak and an assessment of the party's leadership in relation to Brexit, considers the attributes and achievements of each leader in the context of their respective time and diplomatic landscape. Offering a compelling analytical framework by which they may be judged, it also provides detailed personal biographies from some of the country's foremost political critics and exclusive interviews with former leaders themselves. An indispensable contribution to the study of party leadership.

*Winston Churchill* Chris Wrigley, 2002-10-04 This illustrated A-Z biographical companion presents information about all aspects of Winston Churchill's remarkable career, spotlighting the events and people with whom he was most closely associated. When Winston Churchill was still in his teens, he was already a man in a hurry, partly due to his fear that like his father he would die young. Born into aristocratic politics, he sought glory through battle as a means to secure a position in politics, fame and money through the writing of books. To promote their careers, both he and his father made full use of their family connections and the allure of their social life. Among the telling details revealed are that his mother, Jennie Jerome, Lady Randolph, was an American heiress and was his major adviser and reliable friend when he was younger, and that his wife, Clementine, disliked and distrusted many of Winston's political cronies. This A-Z biographical
