Black Feminist Mothering in 21st Century Literature Nicole Carr, 2025-05-23 Black feminist mothering can birth new worlds As today's world becomes increasingly hostile with the rising cost of food coupled with global warming's devastating impact we are in need of a feminism bold enough to imagine new pathways for survival Black feminist mothering may well be the remedy This volume positions Black feminist mothering as much more than a biological or caregiving role Building on key Black feminist tenets Carr examines Black women's maternal labors as a practice and proclamation for mothering ourselves tending to each other and nourishing our communities Far too often Black women's maternal intellectual and political labors are recognized only in service to white supremacist capitalism Mammy Breeder Welfare queen This text counters these dehumanizing iconographies to focus instead on the Black maternal's imaginative possibilities Not only does Carr address Black women's resistance to white supremacist power plays but she also attends to Black heteropatriarchy and the burdens racial solidarity imposes on Black women The Black maternal Carr argues is a cradle for Black revolution As Assata Shakur famously declared We are pregnant with freedom

The Life of the Afterlife in the Big Sky State Ellen Baumler, 2021-06 The Life of the Afterlife in the Big Sky State is a groundbreaking history of death in Montana It offers a unique reflective and sensitive perspective on the evolution of customs and burial grounds Beginning with Montana's first known burial site Ellen Baumler considers the archaeological records of early interments in rock ledges under cairns in trees

and on open air scaffolds Contact with Europeans at trading posts and missions brought new burial practices Later crude boot hills and pioneer graveyards evolved into orderly cemeteries Planned cemeteries became the hallmark of civilization and the measure of an educated community Baumler explores this history yet untold about Montana She traces the pathway from primitive beginnings to park like architecturally planned burial grounds where people could recreate educate their children and honor the dead The Life of the Afterlife in the Big Sky State is not a comprehensive listing of the many hundreds of cemeteries across Montana Rather it discusses cultural identity evidenced through burial practices changing methods of interments and why those came about and the evolution of cemeteries as the last great necessity in organized communities Through examples and anecdotes the book examines how we remember those who have passed on **Cormac McCarthy** Markus Wierschem,2024-02-01 This definitive assessment of Cormac McCarthy s novels captures the interactions among the literary and mythic elements the social dynamics of violence and the natural world in The Orchard Keeper Child of God Outer Dark Blood Meridian and The Road Elegantly written and deeply engaged with previous scholarship as well as interviews with the novelist this study provides a comprehensive introduction to McCarthy s work while offering an insightful new analysis Drawing on Ren Girard s mimetic theory mythography thermodynamics and information science Markus Wierschem identifies a literary apocalypse at the center of McCarthy s work one that unveils another buried deep within the history religion and myths of American and Western culture **Spink & Son's Monthly Numismatic Circular** ,1894
