Bones Silence:

The Furniture Journal ,1925 **The Collection** Jennifer S Hartley,2014-08-08 The four plays in this collection are unique in many ways All founded on true experiences the plays show the complexities of human behaviour and the choices people make They remind us that our decision and actions can rarely if ever be classified in simple terms of black and white These creative works challenge us to look inside and question ourselves no matter how difficult the answers may be And behind every word is the realisation that not only do these things happen they specifically did occur to the many brave individuals who gave up their stories as a means of educating entertaining exploring and challenging Described by audiences as life changing brave shocking self reflective raw unlike any other theatre experience challenging and I didnt know theatre could do this Hartley puts all her cards on the table with her writing and is not afraid to tackle the topics others avoid yet she does so with an honesty even brutality that never loses its sensitivity or humour albeit black humour Her compassion and respect for those she writes about is clear in ever page of her work **The Roads of Heaven Trilogy** Melissa

Scott,2016-05-09 Five Twelfths of Heaven Book I of The Roads of Heaven In a space faring civilization where a single woman is increasingly disenfranchised the star pilot Silence Leigh is defrauded from her inheritance by a greedy competitor Forced to ally with two men Silence is dragged into a deadly political struggle and is tantalized by the hints of the legendary Earth as well as the dread and the glory of Magi s power Her dreams of having her own ship and of escape from the Hegemony s oppressions take on new direction and focus when she joins the crew of The Sun Treader Silence in Solitude Book II of The Roads of Heaven In Five Twelfths of Heaven Silence Leigh discovered that she was not only unusual as a female pilot but that impossible thing a female magus Her unique abilities make her the only person capable of reaching Earth humanity s original home now sealed behind a mysterious barrier but first she must learn to use her new found talents As the Hegemon s men close in on her and her husbands and teacher she must make a dangerous bargain undertake an impossible rescue mission in exchange for a vital map If she succeeds she may be able to save Earth If she fails The Empress of Earth Book III of The Roads of Heaven Following Five Twelfths of Heaven and Silence in Solitude this is the third and concluding novel in the Silence Leigh series Silence Leigh now faces the ultimate test of her skills as a pilot and of her powers as a sage Silence has finally wangled a deal with the Hegemony to use their gear to help them find the lost star roads to Earth This comes at a price though as the credit for this will go to the leader of the Hegemony s family so that one of his relatives can inherit his position given that he has no children The roads are not lost by accident there is an active group of planets trying to block access to Earth setting up a final conflict **The Routledge Handbook of Queer Rhetoric** Jacqueline Rhodes,Jonathan Alexander,2022-04-25 The Routledge Handbook of Queer Rhetoric maps the ongoing becoming of queer rhetoric in the late twentieth and early twenty first centuries offering a dynamic overview of the history of and scholarly research in this field The handbook features rhetorical scholarship that explicitly uses and extends insights from work in queer and trans theories

to understand and critique intersections of rhetoric gender class and sexuality More important chapters also attend to the intersections of constructs of queerness with race class ability and neurodiversity In so doing the book acknowledges the many debts contemporary queer theory has to work by scholars of color feminists and activists inside and outside the academy The first book of its kind the handbook traces and documents the emergence of this subfield within rhetorical studies while also pointing the way toward new lines of inquiry new trajectories in scholarship and new modalities and methods of analysis critique intervention and speculation This handbook is an invaluable resource for scholars graduate students and advanced undergraduate students studying rhetoric communication cultural studies and queer studies
