The Real Orgasm Dominic Daniels, 2016-12-13 About 7 years ago the love of my life dumped me because I wasn't satisfying her in bed Naturally my ego was crushed and I went into a severe depression for a few months But eventually when I finally got over my depression I knew that I had to figure this whole female orgasm thing out I didn't want to live the rest of my life not being able to make a woman orgasm So I began my search The books that I found offered the same regurgitated information on where the clitoris is located and the best positions to stimulate it And as much as you'd think that information would help it didn't get me the results I was looking for I couldn't make my partner whoever she was consistently orgasm To say my orgasm ratio was 10% making her cum 1 out of 10 times would be generous So I did what I thought was the next best thing I went to my best girlfriend at the time and asked her if she would let me interview her about her orgasmic process Thankfully she did And she liked my questions so much that she referred me to her friends who referred me to their friends who referred me to their friends so on Within 9 months I had over 360 interviews and I had completely changed in the process I spent the next 6 years practicing the things I had learned from those interviews and a few more things that I learned along the way And now More than 90% of the time I can make my lover orgasm If we're dating 100% of the time Here's what I learned 1 As long as you understand the sexual philosophy of the woman you're about to undress you'll know how to treat her through the process Soft Hard Combinations 2 The only way you can truly understand her sexual philosophy is by asking the right questions and mastering the art of sexual communication 3 Then you must own your role in the sexual process Especially when playing the role of the leader If you are to lead her to her orgasm you must feel confident in not just your sexual abilities but yourself as a whole 4 Once you have the above 3 handled you then use the key positions with the right rhythms to bring her to an intense whole body orgasm whether or not clitoral stimulation is involved Within the book **The Real Orgasm** you will see the detailed breakdowns of the sexual philosophies I encountered throughout my interviews and the types of sexual personalities those women had You will also learn the questions I asked to learn everything that I learned from those women And in case you're

wondering yes I did sleep with a few of the women that I interviewed I m not saying it to boast well maybe a little but I m mainly saying it because these questions work They let her know that you re interested in HER and if you actually pay attention you ll learn EVERYTHING you need to know to make her cum like a geyser You will also learn the best strategies and tactics that thousands of men use including myself to build an inner core of confidence dominance and seduction This is not about being an overbearing asshole It s about owning your place as the leader and feeling comfortable there And finally you will learn the key positions that virtually guarantee orgasm as well as my secret hacks for developing the best sexual rhythm for repetitive orgasms This information truly transformed my life The simple fact that I know all of this gives me the type of confidence that most guys would kill for Not conceit Confidence The kind of stuff that dime pieces notice The kind of stuff that gets their panties wet before any physical contact is made And when we end up in the bedroom everything flows so smoothly and most importantly I m in control of myself the whole time and therefore can comfortably control the situation My partner orgasms over and over and OVER again and most importantly it s all so very sexy **Five Minutes to Orgasm**
