Dance Music Tami Gadir, 2023-08-10 For some people at some times in some places on some drugs dance music can be a gateway to transformative even transcendent experiences With the help of skilled DJs dancers can reach euphoric states discard their egos and feel social barriers dissolve Dance floors can be sites of openness subversion and even small scale acts of political resistance At a minimum dance music lightens the burdens of contemporary life At its best dance music offers glimpses of better worlds Yet even where dance music communities are built on principles of resistance and liberation they nevertheless share the grittier realities of the rest of the world Dance Music makes the case that dance music is ordinary and that something exceeding the social and spatiotemporal bounds of the dance floor is required for the transformative promise of dance music to be realized

Drugs Unlimited Mike Power, 2014-10-14 The very first thing ever bought or sold on the Internet was marijuana when Stanford and MIT students used ARPANET to cut a deal in the early 70s Today you can order any conceivable pill or powder with the click of a mouse In *Drugs Unlimited* Mike Power tells the tale of drugs in the Internet Age in which users have outmaneuvered law enforcement breached international borders and created a massive worldwide black market But the online market in narcotics isn't just changing the way drugs are bought and sold it's changing the nature of drugs themselves Enterprising dealers are using the Web to engage highly skilled foreign chemists to tweak the chemical structures of banned drugs just enough to create a similar effect and just enough to render them legal in most parts of the world Drugs are marketed as not for human consumption but everyone knows exactly how they're going to be used what they can't know is whether their use might prove fatal From dancefloors to the offices of apathetic government officials via social networking sites and underground labs Power explores this agile international virtual subculture that will always be one step ahead of the law
