

**A CLASSIC OF ASATRU
REAPPEARS**

The text of *A Book of Troth* was the first founding document of the organization called the Ring of Troth. The book consists of three parts: The first concerns certain philosophical and religious ideas and precepts. The second is a complete liturgy of ceremonies for the entire Asatru calendar. These ceremonies are based on those used for many years by the Asatru Kindred of the AFA, and which are now the basic true rites of the Asatru Woodharrow Kindred. The third part of the book deals with affiliation with various Asatru organizations and the curriculum of qualification for citizenship or godhood in the religion.

This new version of the book contains many sections and passages that were edited out by the original commercial publishers due to the supposedly "controversial" nature of these passages. It also contains many entirely new sections which did not appear in the original edition.

A Book of Troth is a strong statement of the truth which is the traditional faith of the Germanic peoples as expressed in a contemporary cultural setting. The philosophical parts were written in chapters passed in one sitting each during the first two months of 1988. The book was commercially published in 1989, but has been out of print for the last five years.

This edition is limited to 300 numbered and signed copies.
