Washington Booker T. Washington,2012-10-10 Nineteenth century African American businessman activist and educator Booker Taliaferro Washington s Up from Slavery is one of the greatest American autobiographies ever written Its mantras of black economic empowerment land ownership and self help inspired generations of black leaders including Marcus Garvey Elijah Muhammad Malcolm X and Louis Farrakhan In rags to riches fashion Washington recounts his ascendance from early life as a mulatto slave in Virginia to a 34 year term as president of the influential agriculturally based Tuskegee Institute in Alabama From that position Washington reigned as the most important leader of his people with slogans like cast down your buckets which emphasized vocational merit rather than the academic and political excellence championed by his contemporary rival W E B Du Bois Though many considered him too accommodating to segregationists Washington as he said in his historic Atlanta Compromise speech of 1895 believed that political agitation alone would not save the Negro and that property industry skill intelligence and character would prove necessary to black Americans success The potency of his philosophies are alive today in the nationalist and conservative camps that compose the complex quilt of black American society **Booker T.
