Adolescent Spirituality:

Soul Searching Christian Smith, Melina Lundquist Denton, 2005-02-24 In most discussions and analyses of American teenage life one major topic is curiously overlooked religion Yet most American teens say that religious faith is important in their lives What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality Answering these and many other questions Soul Searching tells the definitive story of the religious and spiritual lives of contemporary American teenagers

The Handbook of Spiritual Development in Childhood and Adolescence Eugene C. Roehlkepartain, 2006 With sixty seven scholars from four continents and many diverse disciplines contributing as authors to the volume with fourteen scholars from around the world serving as editorial advisors with financial support provided by the John Templeton Foundation via Search Institute with frequent conversations occurring with colleagues at Fuller Theological Seminary and with the careful attention of editorial work provided by Sage publications this handbook provides a remarkable contribution toward those ends

JOURNAL OF YOUTH AND THEOLOGY Research into spiritual development during childhood and adolescence has yearned for the stimulus of integration cross fertilization and internationalization across conceptual boundaries methodological divisions religious traditions and local interests The Handbook of Spiritual Development in Childhood and Adolescence sets out to meet this need and does so with skill and with authority by identifying the key themes and by drawing on the best minds to address those themes Research communities and faith communities have been well served by this pioneering initiative

The Revd Professor Leslie J Francis PhD ScD DD University of Wales Bangor UK The Handbook of Spiritual Development in Childhood and Adolescence breaks new ground by articulating the state of knowledge in the area of childhood and adolescent spiritual development Featuring a rich array of theory and research from an international assortment of leading social scientists in multiple disciplines this book represents work from diverse traditions and approaches making it an invaluable resource for scholars across a variety of disciplines and organizations

Key Features Presents a wealth of interdisciplinary theory and research as well as proposals for future areas of inquiry to help move spiritual development into a mainstream field of learning Provides the first comprehensive collection of social science research on spiritual development in childhood and adolescence to introduce the topic engagingly to students Features the works of scholars from around the world in multiple disciplines psychology sociology anthropology medicine and educational philosophy to present a diversity of traditions and approaches Includes introductions to the volume as well as to each section that provide overviews and syntheses of key concepts

The Handbook of Spiritual Development in Childhood and Adolescence is a key resource for academics researchers and students in departments of Psychology Family Studies and Religious Studies It is particularly useful for courses in Developmental Psychology Human Development especially child and adolescent

development Psychology of Religion and Sociology of Religion It also will be invaluable for professionals working with young people including educators religious leaders and health practitioners

Soul Searching : The Religious and Spiritual Lives of American Teenagers
Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame, Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA, 2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in

religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole

Authenticity, Passion, and Advocacy Thomas E. Malewitz, 2020-07-08 Adolescence can be best summarized as a time of authenticity passion and advocacy As adolescents start maturing on a life journey that leads them away from dependence on their parents to becoming an independent adult they often seek out honest and transparent mentors to learn from and trust for wisdom and guidance Although Thomas Merton the celebrated spiritual author and Cistercian monk is better remembered for his writings on ecumenism nonviolence and advocacy he also had several documented correspondences with adolescents throughout his life By examining these artifacts it is clear that Thomas Merton had great insight into the spiritual needs and challenges of adolescents Throughout his life Merton's authentic struggles often parallel the searching nature that defines adolescent spirituality Through scholarship and practice this book will explore how the life and writings of Thomas Merton may serve as a guide and bridge for ministers of adolescents and will offer some practical suggestions for ministers educators and parents on topics affecting contemporary adolescents through the lens of Thomas Merton's life and writings
