## **Adomnan Of Iona:**

**Against the Tide** Warren Bardsley,2007-10-01 An accessible popular account of the 7th century life of Adomnan of Iona from his boyhood in Donegal to his death as Abbot of Iona with an emphasis on the contemporary significance of his Law of Innocents *Adomnán of Iona* Jonathan M. Wooding,2010 The abbot of Iona in the late 7th century Adomnan a kinsman of the founder St Columba was one of the most remarkable thinkers of his era The author of the magnificent *Life of Columba* as well as a widely influential guide to the Holy Places of the Near East he was also responsible for the celebrated Cain Adomnain a ground breaking law tract on the protection of non combatants Adomnan was also a major figure in the Easter Controversy and his scholarship directly influenced that of Bede The studies in this volume arising from a conference held on Iona on the 13th centenary of Adomnan s death celebrate his achievements **Adomnán of Iona** ,2010 **Adomnan and the Holy Places** Thomas O'Loughlin,2007-11-01 Adomnan ninth abbot of Iona wrote his book *On Holy Places De Locis Sanctis* in the closing years of the seventh century It is a detailed account of the sites mentioned in the Christian scriptures the overall topography and the shrines that are in Palestine and Egypt at that time It is neatly broken into three parts Jerusalem the surrounding areas and then a few other places The whole has a contemporary and lively feel and the reader is then not surprised when Adomnan says he got his information from a Gallic bishop name Arculf Things then get interesting for the more one probes the book the amount of information that could have been obtained from Arculf keeps diminishing while the amount that can be shown to be a reworking of written sources increases We then see that Adomnan s book is an attempt to compile a biblical studies manual according to the demands of Augustine 354 430 one of which was that there had to be an empirical witness Thus Adomnan wrote the work and employed Arculf as a literary device However he produced the desired manual which remained in use until the Reformation As a manual we can use it to study the nature of scriptural studies in the Latin world of the time and perceptions of space relics pilgrimage and Islam While a study of how the work was used by others transmitted reworked for example by the Venerable Bede brings unique light onto the theological world of the Carolingians *Adomnan of Iona as Peacemaker and Social Reformer* Columba Conor Nee,2002 *Life of St Columba* Adomnan of Iona,1995-02-23 Founding father of the famous monastery on the island of Iona a site of pilgrimage ever since his death in 597 St Columba was born into one of the ruling families in Ireland at a time of immense expansion for the Irish Church This account of his life written by Adomn n the ninth abbot of Iona and a distant relative of St Columba describes his travels from Ireland to Scotland and his mission in the cause of Celtic Christianity there Written 100 years after St Columba s death it draws on written and oral traditions to depict a wise abbot among his monks who like Christ was capable of turning water into wine controlling sea storms and raising the dead An engaging account of one of the central figures in the Age of Saints this is a major work of early Irish and Scottish history **The Irish Annals** Daniel P. McCarthy,2008 Collectively the Irish annals represent a substantial and important source for the history and culture of Ireland These texts provide the

primary witness for much of early medieval Irish history and for many key events and persons up until c 1600 Many of the most important of these texts passed into the possession of 17th century Anglo Irish scholars and it was principally their work which formed the basis for all modern scholarship on them However examination of their work shows that a number of the accepted hypotheses rest upon assertions of opinion and are unsupported by any textual evidence This book first re-examines the manuscript evidence commencing with an account of the primary manuscript witnesses for the ten most characteristic annalistic texts It then reviews the scholarly literature relating to the annalistic corpus and identifies those hypotheses that are not supported by the available evidence Next based upon a critical evaluation of both the textual and chronological characteristics of the texts the book establishes where possible the place author s time and salient characteristics of the compilations that have contributed to the development of these ten texts The penultimate chapter reviews the chronology of these texts and identifies the basis for a synchronised chronology for them all
