From Subjects to Subjectivities Deborah L. Tolman, Mary Brydon-Miller, 2001 From Subject to Subjectivities profiles the recent debates about the role of qualitative and participatory methods in psychology a discipline which has traditionally seen itself as a form of positivistic science Contributors explain how fundamentally different views of the nature of reality and of scientific theory have shaped these debates and how psychology is being transformed through the use of these methods At the heart of the book are 10 exemplars of interpretive and participatory action research which describe the rationale for and process of using these methods in actual cases They also articulate some of the challenges psychologists may face in adopting them offering insights into how these complications can be successfully negotiated Relevant beyond psychology the models provided can be used within the context of a wide array of social science disciplines from sociology and anthropology to women s studies and public health The contributors represent a veritable who s who of qualitative scholars including Lyn Mikel Brown Larry Davidson Michelle Fine Louise Kidder M Brinton Lykes Jeanne Marecek Abigail Stewart and Niobe Way No previous book has examined qualitative and participatory methods specifically within the context of psychology From Subjects to Subjectivities provides a unique and badly needed resource for those interested in learning about the practice of these methods in the field

The Ethnographic Self Amanda Coffey, 1999-03-10 What are

the relationships between the self and fieldwork How do personal emotional and identity issues impact upon working in the field This book argues that ethnographers and others involved in fieldwork should be aware of how fieldwork research and ethnographic writing construct reproduce and implicate selves relationships and personal identities All too often research methods texts remain relatively silent about the ways in which fieldwork affects us and we affect the field The book attempts to synthesize accounts of the personal experience of ethnography In doing so the author makes sense of the process of fieldwork research as a set of practical intellectual and emotional accomplishments The book is thematically arranged and illustrated with a wide range of empirical material
