Between Affluence and Rebellion Margrit Frölich, 1996 An important contemporary German writer poet dramatist and filmmaker Thomas Brasch has lived and worked in both East and West Germany This book provides an introduction to his work in terms of its position in postwar German history Through analyses of individual texts it explores the relationship between history and its representation in art *Mein Film*, 1928 *Spiel und Dramaturgie in Thomas Braschs Werk* Jens Ponath, 1999 Filmkünstler und Filmkunst ..., 1928 Studies in GDR Culture and Society 5 Margy Gerber, 1985 *Domino* Thomas Brasch, 1982 **Studies in GDR Culture and Society**, 1985 **Procedures of Resistance** Davor Beganović, Zrinka Božić, Andrea Milanko, Ivana Perica, 2024-03-14 This volume explores the state of literary theory today decades after the repeatedly proclaimed end of theory It builds on the idea that theory is historically constituted as it is always becoming something else as Leslie Fiedler claimed in the 1950s arguing that the historical constitution of theory relies on theory's procedural nature In order to assess theory's procedural challenge to the fundamental notions that all the disciplines within an episteme have brought to the fore it addresses these questions What are the procedures theory has relied on Are they a secret to its resistance or is resistance its primary procedure And if so a resistance to what Secondly if resistance were theory's principal vehicle at which point does resistance conceptualized only procedurally as resisting something questioning anything criticizing whatever display hallmarks of a disciplinary closure that must call for new resistances and perhaps for a fundamentally another kind The book turns to what theory does in order to avoid a partial answer to what theory is *Apropos, Film*, 2005 **The Concise Cinegraph** Hans-Michael Bock, Tim Bergfelder, 2009-09-01 This comprehensive guide is an ideal reference work for film specialists and enthusiasts First published in 1984 but continuously updated ever since CineGraph is the most authoritative and comprehensive encyclopedia on German speaking cinema in the German language This condensed and substantially revised English language edition makes this important resource available to students and researchers for the first time outside its German context It offers a representative historical overview through bio filmographical entries on the main protagonists from the beginnings to the present day Included are directors and actors writers and cameramen composers and production designers film theorists and critics producers and distributors inventors and manufacturers An appendix includes short introductory essays on specific periods and movements such as Early Film Weimar Nazi Cinema DEFA New German Cinema and German film since unification as well as on cinematic developments in Austria and Switzerland Sections that crossreference names around specific professional groups and themes will prove equally invaluable to researchers **Träume von Angst und Hoffnung**
