Dona Juana

Mari Womack

Dona Juana:

Cacicas Margarita R. Ochoa, Sara V. Guengerich, 2021-03-11 The term cacica was a Spanish linguistic invention the female counterpart to caciques the Arawak word for male indigenous leaders in Spanish America But the term's meaning was adapted and manipulated by natives creating a new social stratum where it previously may not have existed This book explores that transformation a conscious construction and reshaping of identity from within Cacicas feature far and wide in the history of Spanish America as female governors and tribute collectors and as relatives of ruling caciques or their destitute widows They played a crucial role in the establishment and success of Spanish rule but were also instrumental in colonial natives resistance and self definition In this volume noted scholars uncover the history of colonial cacicas moving beyond anecdotes of individuals in Spanish America Their work focuses on the evolution of indigenous leadership particularly the lineage and succession of these positions in different regions through the lens of native women's political activism Such activism might mean the intervention of cacicas in the economic familial and religious realms or their participation in official and unofficial matters of governance The authors explore the role of such personal authority and political influence across a broad geographic chronological and thematic range in patterns of succession the settling of frontier regions interethnic relations and the importance of purity of blood gender and family dynamics legal and marital strategies for defending communities and the continuation of indigenous governance This volume showcases colonial cacicas as historical subjects who constructed their consciousness around their place whether symbolic or geographic and articulated their own unique identities It expands our understanding of the significant influence these women exerted within but also well beyond the native communities of Spanish America

A New Anthology of Early Modern Spanish Theater Barbara Louise Mujica, 2015-01-01 An anthology of plays from the Spanish Golden Age contains the full text of 15 plays an introduction to each play with information about the author the work performance issues and current criticism and glossaries with definitions of difficult words and concepts

The Anthropology of Health and Healing Mari Womack, 2010 The Anthropology of Health and Healing provides the first holistic approach to the study of medical anthropology Over the past two decades medical anthropology has been the most rapidly growing subfield in anthropology and a number of medical anthropology texts have been published focusing primarily on public policy and health care delivery systems Yet while anthropologists have researched topics related to medical anthropology for more than one hundred years here Mari Womack thoroughly surveys this richly diverse field and provides an integrated approach that links together the biological psychological social communicative epidemiological philosophical historical and developmental factors that shape health and healing Book jacket
