

MODERN CRITICISM

Modern criticism refers to the analysis of literature, art, music, and other cultural expressions using contemporary theoretical approaches. Emerging in the late 19th and 20th centuries, it broadens traditional analysis by borrowing methods from social sciences and addressing the relationship between the artist, the audience, and society. Modern criticism emphasizes the text itself, considers the role of the reader, and incorporates diverse perspectives like structuralism, psychoanalysis, Marxism, feminism, and postcolonialism. It challenges fixed meanings, recognizing the subjective nature of interpretation and the influence of culture and history on texts.

William Carlos Williams and "The Red Wheelbarrow"

William Carlos Williams (September 17, 1893 – March 4, 1963) was an influential American poet and physician known for his modernist and imagist approach to poetry. Born in Rutherford, New Jersey, Williams spent much of his life practicing medicine while crafting poetry that celebrated the simplicity and beauty of everyday life. Unlike many of his contemporaries who were influenced by European literary traditions, Williams focused on distinctly American themes and vernacular.

It emphasizes the essential role of simple things in life, highlighting the connection between human-made and natural elements in a rural setting.

Sutton,Walter Sutton,1965 **Donne's Poetry and Modern Criticism** Leonard Unger,1962 Literary criticism and interpretation about the works of John Donne *The Variorum Edition of the Poetry of John Donne, Volume 2* John Donne,Gary A. Stringer,2000 Based on an exhaustive study of the manuscript and print history of Donne s poetry this edition presents newly edited critical texts of the poems and a comprehensive digest of the critical scholarly commentary on them from Donne s time forward Textual introductions briefly locate the poems in the context of Donne s life or poetic development outline the 17th century textual history of the poems and sketch the treatment of the text by modern editors A detailed textual apparatus presents variants collated from many sources and traces the lines of textual transmission Provided by publisher **Critical Essays on John Donne** Arthur F. Marotti,1994 The series provides a variety of approaches to both classical and contemporary writers of Britain and Ireland This volume contains both newly commissioned and reprinted material Marotti s introduction briefly summarizes the history of Donne s inauguration into the modernist canon following Grierson s 1921 edition of *Metaphysical Lyrics and Poems of the Seventeenth Century* The seven selected essays all published since 1977 include a new treatment written especially for this volume by Ronald Corthell Together the essays explore a variety of contemporary critical stances to Donne s work [John Donne, an Annotated Bibliography of Modern Criticism, 1968-1978](#) John Richard Roberts,1982 This study is the first to collect and fully annotate the vast amount of criticism and scholarship written on Donne during the period 1968 1978 **The Variorum Edition of the Poetry of John Donne, Volume 7, Part 2** John Donne,2021-01-05 Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared the eighth in the series of *The Variorum Edition of the Poetry of John Donne* presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem accompanied by a thorough prose discussion Arranged chronologically within sections the material is organized under the following headings Dates and Circumstances General Commentary Genre Language Versification and Style the Poet Persona and Themes The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne s time through 2012 [American and British Poetry](#) Harriet Semmes Alexander,1984 [John Donne's Poetry and Early Modern Visual Culture](#) Ann Hurley,2005 This study argues the thesis that John Donne s poetry already well served by the insightful close readings of earlier generations of scholars can now profit from being read in the context of early modern cultural experience specifically

its visual culture It points out that the focus on visual culture allows for a non monolithic flexible reading of Donne s verse in part because it acknowledges that while the complexity of his religious identity has been well explored the complexity of his secular interest has perhaps been less thoroughly examined Since a study of early modern visual culture is deeply concerned with the vicissitudes of the image both religious and secular such a context serves to integrate what in Donne sometimes invites polarity Focused on close readings of several poems the study is in two parts On the one hand it examines the visual culture of early modern England and argues that reading Donne s poetry enhances our understanding of how that culture actually operated when looked at through the experience of a practicing poet the visual culture through which it participated adds a dimension to that verse that would otherwise be less accessible to us Ann H Hurley is Professor of English at Wagner College

John Donne David Edwards,2001-05-21 Donne is best known as a poet of love never describing physical beauty in detail but brilliantly able to recreate a man s experience of love s emotions and realities but he is much else besides He is a poet of the spiritual journey who in his power speaks to others in travail a great preacher who soars into word music and encapsulates complex theology in illuminating epigrams David Edwards ranges across all Donne s writings including the critically neglected sermons to produce a new and compelling portrait of this tortured and contradictory figure As the tree s sap doth seek the root belowIn winter in my winter now I go Where none but thee th Eternal rootOf true Love I may know

JOHN DONNE Metaphysical Shadows Sean H. McDowell,2022-03-01 Metaphysical Shadows The Persistence of Donne Herbert Vaughan and Marvell in Contemporary Poetry examines the ways in which the poetry of John Donne George Herbert Henry Vaughan and Andrew Marvell continues to speak to working poets today Modern Anglophone poets from T S Eliot and Archibald MacLeish in the 1920s and 1930s to Seamus Heaney Maureen Boyle Alfred Corn Anne Cluysenaar Kimberly Johnson and Jericho Brown in the twenty first century have found in the work of John Donne George Herbert Henry Vaughan and Andrew Marvell a strikingly modern intellectualism an emotional intensity and a verbal richness that have inspired their own poems Traces of this inspiration appear in echoes allusions direct responses and similarities in approach and method as poets create new work in their own distinct voices Such contemporary engagements furnish us with cues for how literary studies might approach the literature of the past without sacrificing it in the name of critique They also demonstrate the continuing relevance of seventeenth century English metaphysical poetry in the twenty first century The poems of Donne Herbert Vaughan and Marvell still have the power to cast shadows
