O Give Me a Home: An Orphan's Story James Hursey, 2016-09-13 An old man visits a closed and decaying building which he remembers entering some sixty years earlier as a small frightened nine year old He then mines those distant memories for this stark recounting of growing up in a large military orphanage He tells of newkie lessons perhaps too well learned and a kiddie dormitory perhaps too well ordered of violent daytime battles and innocent nighttime rendezvous of a happy go lucky garbage man and a not so lucky marksman of unconsummated first love and an unexpected last message These memories and many more are flanked by two sad goodbyes one wistful and one anguished but each demarcating a decisive fork in life s road Finally in a dramatic epilogue former classmates return for the annual orphan s reunion and gather in an off campus bar to revel and reminisce

Japanese war orphans The first half of the Japanese war orphans lives were spent in China and the latter half in Japan It brings to the fore the dramatic personal histories of the Japanese war orphans surviving in the interstices between two nation states Through analyzing the issue of Japanese war orphans the research on the subject makes the following three points 1 the powerlessness of civilians caught up in modern warfare and the long lasting effects of modern warfare on the life histories of individuals and their families 2 the nature of the modern nation state which exploits and abandons its citizens as though they were expendable and 3 immigration as a product of modernization gaps Scholars pursuing studies in both Japanese society Chinese society and historians of the Sino Japanese war would find this an ideal read Six Boys in Trouble Walter C. and was taken to visit a small orphanage in Battambang The children were living in extreme poverty and Tara was determined to raise money to help them Two years later after fundraising in Australia Tara returned to Battambang only to discover that the same children were in deep trouble Her spontaneous response was to find them a new safe home With a team of committed locals and support from friends she established the Cambodian Children s Trust CCT With an instant family of fourteen children and three dogs Tara had to learn a lot very fast And along the way she realised that many of the actions she took with good intentions were not at all what the children needed or indeed what any child needs CCT now helps vulnerable children to escape poverty and be cared for within their families In this compelling poignant and funny memoir Tara shares the many joys and the terrible lows of her journey thus far with honesty and passion Written with co writer Lynda Delacey How Not to Start an Orphanage is a book that will keep you thinking long after you turn the final page
