

Doing Educational Research

Clive Opie

Doing Educational Research:

Doing Educational Research Carol Mutch, 2013 The book breaks the educational research process down into manageable steps with easy to understand explanations and concrete examples Designed to support educators at all levels to feel confident that they can undertake sound and ethical research it is a popular text in research methods courses in New Zealand and widely used internationally

Doing Educational Research Clive Opie, 2004 Clive Opie offers a hands on guide for students engaged in educational research The text provides a comprehensive and accessible introduction to the key qualitative and quantitative methods necessary for those commencing research for the first time

Doing Educational Research, 2006-01-01 Doing Educational Research explores a variety of important issues and methods in educational research Contributors include some of the most important voices in educational research In the handbook these scholars provide detailed insights into one dimension of the research process that engages both students as well as experienced researchers with key concepts and recent innovations in the domain The editors and authors believe that there is a need for a handbook on educational research that is both practical as it introduces beginning scholars to the field and innovative as it pushes the boundaries of the conversation about educational research at this historical juncture In this collection the editors and authors explore a variety of topics from methodologies such as ethnography action research hermeneutics historiography psychoanalysis literary criticism to issues such as social theory epistemology and paradigms Readers will be pleased with the way the book addresses complex topics in an accessible and readable manner

Disciplined Inquiry R. Tony Eichelberger, 1989 This aims to help readers understand the elements of educational enquiry in the USA especially the methods of empirical research and how results can be used in educational decision making It emphasizes the practical value of research and provides exercises to improve student s research abilities

Doing Educational Research Marit Honerød Hoveid, Lucian Ciolan, Angelika Paseka, Sofia Marques da Silva, 2019 Exploring the challenges and obstacles that need to be overcome in education research this text offers universal guidance that the reader can apply to their own research project

Doing Educational Research, 2015-01-01 In the second edition of Doing Educational Research we explore a variety of critical issues and methodologies Authors include some of the most influential voices selected from across the spectrum of career disciplines The scholars provide detailed insights into dimensions of the research process that engage both students and experienced researchers with key concepts and recent innovations in the art of doing research The contributors adopt a stance that is practical as it introduces beginning scholars to social inquiry and innovative as it transforms the boundaries of conversations about educational research Doing Educational Research appears at a critical moment in which educational researchers are pushed to align with a pervasive scientism that embraces tenets of crypto positivism The book addresses logics of inquiry underpinning cutting edge approaches to educational research that extend far beyond limited visions that are presented through the lenses of positivism The chapters explore a variety of methodologies including action research

bricolage ethnography hermeneutics historiography media based research psychoanalysis and conversation analysis in a matrix of social theory authentic inquiry critical pedagogy and differences in epistemology ontology and axiology A diverse array of complex topics are presented in accessible forms and will compel both scholars and students

Doing Educational Research Clive Opie, 2004-03-06 Doing Educational Research offers a hands on guide for students engaged in educational research It provides a comprehensive and accessible introduction to the key qualitative and quantitative methods necessary for those commencing research for the first time

Doing Research in Education Ioanna Palaiologou, David Needham, Trevor Male, 2015-11-04 This book will help you to plan design and conduct quality research within the specific context of education and educational studies An impressive cast of contributors discuss the reality of conducting research in different educational settings and provide practical advice for both undergraduate and postgraduate students and early career researchers doing research in education The book discusses key philosophical issues such as understanding research paradigms ethics and selecting appropriate methodologies but remains grounded in the practical experience of the researcher It has comprehensive coverage of the whole research process from start to finish is easy to navigate and helps develop key skills such as Time management Creating good research questions and hypotheses Constructing the literature review Structuring a project Writing a proposal Managing data Analysing data Writing for specific audiences Packed full of learning features and showcasing a wide range of voices and opinions this book is an ideal guide for anyone conducting research in education or educational studies

A Beginner's Guide to Doing Your Education Research Project Mike Lambert, 2012-09-05 Mike Lambert's book is a useful source of information helping to create and shape your research methods project The book contains detailed chapters with easy to follow guidelines tips and suggestions ensuring help at every step of the way from start to finish Alexander Miesen student Amsterdam University of Applied Sciences In this basic guide step by step advice is presented in a clear way and chapters take the reader through the entire process from planning and doing research to writing it up Each stage is covered with detailed help on choosing a topic drawing up research questions doing the literature review choosing and designing research methods the ethics of doing research analyzing data and collating and presenting findings Features in the text include explanations of key research terms activities with answers progress sheets case studies This is an ideal text for undergraduate students undertaking their first ever research project postgraduates pursuing Masters awards and teachers carrying out action research

Applying Educational Research M. D. Gall, Joyce P. Gall, Walter R. Borg, 2014-03-14 This title is only available as a loose leaf version with Pearson eText Applying Educational Research focuses on relating research to practice helping educators see the relevance of research to their daily work This goal of making research relevant is accomplished by focusing on current problems of practice Each chapter highlights a set of important issues for teachers students and schools issues like teacher evaluation the effectiveness of close reading strategies and the use of computer supported instruction The research examples and articles in the chapter then

address these issues providing students a meaningful context for the information they are learning about research methods Through this approach students learn about the research process and current research on topics that directly impact practice From reviews of the text The writing style of the textbook is excellent Writing clarity for content builds from one paragraph to another The Gall Gall and Borg textbook is the only text I would consider for my Master s level research course Because the authors are scholars and practitioners they bring a depth and range to the topic of educational research that is unsurpassed Vikki K Collins Troy University The writing style is very clear I find it easy to read and navigate among the chapters Most graduate students in my class will not have any problems reading the book The authors provide a very gentle introduction to educational research The authors adopt a balanced view of educational research They have explained most of the quantitative analyses used in educational research and they have explicated the major theories of qualitative research They have introduced the research techniques in a clear manner accessible to a broad audience inside and outside of the education field Xiaofeng Steven Lui University of South Carolina 0133831574 9780133831573 Applying Educational Research How to Read Do and Use Research to Solve Problems of Practice Loose Leaf Version with Video Enhanced Pearson eText Access Card Package Package consists of 0132868636 9780132868631 Applying Educational Research How To Read Do and Use Research To Solve Problems of Practice Loose Leaf Version 0133398811 9780133398816 Applying Educational Research How To Read Do and Use Research To Solve Problems of Practice Pearson eText Access Card **Doing Educational Research** Kenneth George Tobin,2006 The authors explore a variety of topics from methodologies such as ethnography action research hermeneutics historiography psychoanalysis literary criticism to issues such as social theory epistemology and paradigms Back cover **Doing Educational Research** Marit Honerød Hoveid, Lucian Ciolan, Angelika Paseka, Sofia Marques da Silva,2019-06-10 Every educational research project has challenges and obstacles that need to be managed and overcome This book uses real case studies employing a wide range of research methodologies and drawn from educational contexts across Europe to explore these challenges offering flexible and universal guidance that you can apply to your own research Published in partnership with EERA this book is Realistic and informed It explores a range of perspectives on educational research from planning to data collection to international collaboration Challenging It integrates a holistic and critical view on the process of educational research Culturally aware It covers a variety of research projects from different countries and encourages you to challenge dominant perspectives in education This is the first major English language textbook for postgraduate and postdoctoral education researchers that represents and explores the range of research traditions that exist throughout Europe and what they mean in practice Doing Educational Research in Rural Settings Simone White, Michael Corbett,2014-04-24 Doing Educational Research in Rural Settings is a much needed guide for educational researchers whose research interests are located outside metropolitan areas in places that are generically considered to be rural This book is both timely and important as it takes up the key question of how to conduct educational

research within and for rural communities It explores the impact of educational research in such contexts in terms of the lasting good of research and also those being researched The authorship is international which brings together researchers experienced in conducting educational inquiry in rural places from across European Australian American and Canadian contexts allowing readers insight into national and regional challenges It also draws on the research experiences and methodological challenges faced by senior figures in the field of rural educational research as well as those in their early careers Key topics include Working with and within the rural The impact of educational globalisation and the problematisation of cultural difference in social research Researcher subjectivities The position of education research in rural contexts The usefulness of research Reciprocity and converging interest Ethics and confidentiality This book is uniquely written with an eye to practicality and applicability and will be an engaging guide for higher degree and doctoral students seeking to gain a stronger understanding of educational research in rural settings

Applying Educational Research: How to Read, Do, and Use Research to Solve Problems of Practice Joyce P. Gall, M. D. Gall, Walter R. Borg, 2013-10-03 This text is intended for instructors who emphasize teaching students how to locate read and interpret and apply the findings of educational research studies This revision addresses how to design and conduct a research study in more detail The text includes numerous recent published research articles involving high interest problems of educational practice The chapters which treat quantitative qualitative and applied forms of educational research stand alone allowing instructors to choose those they want to cover This text brings research alive for educators by introducing readers to people who actually do research Designed for courses focused primarily on applying rather than conducting research it includes 13 actual research articles reprinted in their entirety The book makes no assumptions about readers prior knowledge of research or statistics This text builds students confidence so that they are able to successfully read research reports and research For the first time readers will see the relevance of research to educational practice

Educational Research John O'Toole, David Beckett, 2013-10 For many teachers and teacher education students research is an initially daunting prospect This accessible and engaging text introduces students to the broad field of educational research demonstrating how to use research to think about issues arising from educational and social policy as well as schools and classrooms within organizational and institutional contexts

Doing Qualitative Educational Research Geoffrey Walford, 2001-06-01 Geoffrey Walford a renowned and experienced researcher reflects upon the trials and tribulations and the problems and promises of conducting research and also on the links between the idiosyncrasies and circumstances of researchers and what is possible in research Research is revealed as a much more complicated process than is usually recognized sometimes messy and disorganized sometimes constrained in unexpected ways but always challenging to both researcher and reader

Doing Teacher-Research Wolff-Michael Roth, 2007-01-01 There are many teachers who think about doing research in their own classes and schools but who are perplexed by what appears to be involved This book is intended for these perplexed practitioners to provide them

with an easily understandable narrative about the concrete praxis of doing research in their classrooms or in those of their teacher peers teaching next door or in the same school The fundamental idea underlying this book is to provide an easily accessible but nevertheless intellectually honest text that allows teachers to increase their agency with respect to better understanding their praxis and the events in their classrooms by means of research The author draws on his experience of doing teacher research while being a high school teacher and department head Roth uses six concrete research studies that he has conducted alone or with peers to describe the salient parts of any teacher researcher investigation including what topic to study issues of ethics and permissions from students school and parents how and what sources to collect how to structure resources how to construct data from the materials how to derive claims and how to write a report research study Roth chose the case based approach because cases provide the details necessary for understanding why and how he as teacher researcher has made certain decisions and what he would do differently today Using this case based approach he allows readers to tie methods choices to situations that they likely are familiar with

Doing Educational Research in Developing Countries Graham Vulliamy, Keith Lewin, David Stephens, 1990 The comparative education field has been slow to catch on to the potential of the kind of qualitative methodologies advocated in the sociology of education and in curriculum evaluation This book may fill the gap in literature available which discusses the methodology of case study research in education in a Third World context

Doing Educational Research Geoffrey Walford, 2002-11-01 Thirteen major educationalists offer semi autobiographical accounts of their own influential research work focusing on the practical and personal realities of the research process Authors such as Barbara Tizard and Martin Hughes Stephen J Ball David Reynolds and Peter Mortimore discuss their approaches to aspects of research from conception and funding of the project to information gathering and analysis writing up and publishing

Doing Research in Education Shane D. Bergin, Declan Fahie, 2022-12 A practical guidebook for people learning to conduct research in education Doing Research in Education offers practical advice and guidance for those learning to conduct educational research It addresses each step of the research process including choosing what to research formulating a research question deciding on a suitable research methodology and writing a thesis The contributors address a range of research methodologies with chapters that outline the suitability and applicability of each methodology and offer concrete suggestions for its use Further chapters are dedicated to navigating the relevant research literature ethics researching vulnerable groups the use of technology and connecting research to teaching practice

Doing Educational Research Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Doing Educational Research PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency

saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Doing Educational Research PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Doing Educational Research free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Doing Educational Research Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
