**Virtual Theology, Faith and Adult Education** Ros Stuart-Buttle,2013-07-29 Online learning is a key feature of the contemporary educational landscape and has entered mainstream policy provision and practice But if online education is to reach mature development and evaluation it must be open to critical appraisal This book considers the implementation of online learning within adult theological education This can be an area of challenge or contention especially when established academic practices and cherished values are seen as threatened when handed over to online delivery This opens questions about theology pedagogy and online education Does online teaching and learning bring or demand a new or transformed disruptive pedagogy or does it result in maintenance or replication sustaining of traditional values and existing practices What might the opportunities and benefits be Who stands to gain Who stands to lose And what evidence is there to evaluate the quality of doing theology online This book examines a long standing programme of continuing professional development delivered fully online to adult practitioners working across Christian education and ministry settings It builds upon the author s international experience as an online educator for over a decade Key themes relate adult learning to theological pedagogy authority and online community The concept of interruptive pedagogy is presented as an interpretative model to critically appraise an approach to online education that draws on the best theological tradition yet also looks to the future

Department of Superintendence,1899 Records of meetings papers etc of the department are also to be found in Proceedings of the National Education Association **The Shepherd's Song** Dr. Lynn Anderson,2010-06-15 Tune your ear to the shepherd s song and let its powerful melody bring you back into harmony with God Your life is going well you are winning the battles of faith and enjoying your relationships with people and with God Suddenly you stumble Things go wrong you lose your job your marriage crumbles or a loved one dies Through prayer and perseverance you recover and regain your strength but disaster strikes again unexpected temptation shakes your faith and you find yourself searching for answers

Suddenly you hear a friendly calm voice singing a song of strength and renewal A handsome man from the past appears he extends a hand of hope and lifts you to your feet He introduces himself as David the shepherd He begins to sing a beautiful song the song of his life his struggles and victories and the melody of his life amazingly resembles your own Accept his invitation and discover how the most thrilling and adventurous life in Scripture holds valuable meaning for your own life of faith Anderson s extensive research and travels throughout the Holy Lands eminently qualify him to lead you on this journey of faith At times you will visualize David s adventures so clearly you will feel as though you are there Other times your view of the shepherd turned king will be eclipsed by the reflection of yourself But at all times you will hear the song the shepherd s song and it will give hope and meaning to your own life s song
