## **Doniphans Expedition:**

Doniphans Expedition John Taylor Hughes,1997 A teacher turned soldier John T Hughes like so many other volunteers saw in the outbreak of the Mexican War the possibility for adventure and glory He joined the First Regiment of Missouri Mounted Volunteers and announced that he planned to write a history of his fighting unit commanded by Col Alexander Doniphan who would come to be regarded as among the finest volunteer officers of the war The result of Hughes s efforts certainly is one of the most colorful personal accounts of the Mexican War ever written Doniphan s Expedition follows the regiment on its grueling 850 mile march from Fort Leavenworth present day Kansas along the Santa Fe Trail to invade Mexico Along the way Hughes observes and describes in impressive detail the discipline morale and effectiveness of the civilian soldiers encountering hardships on the rough plains and deserts He gives their impressions of Santa Fe and offers valuable insight into the military occupation of that city As significant cultural history this account also chronicles the fears and prejudices of the soldiers meeting a seemingly strange people in a strange land Furthermore Hughes provides an excellent first hand account of the two battles of the expedition the Battle of Brazito and the Battle of Sacramento First published in 1847 Doniphan s Expedition is now once again made available with a new foreword by Joseph G Dawson III to commemorate the 150th anniversary of the Mexican War General readers will find this book to be an enthralling examination of another time and place in U S and Mexican military and cultural history Historians will rediscover a significant contribution to Mexican War literature

Alexander Doniphan. *Doniphan's Expedition (Classic Reprint)* John T. Hughes, 2015-07-11 Excerpt from Doniphan's Expedition. The author is well apprised that any new publication at this time must either possess a high degree of literary merit or treat of events in which all feel a lively interest to recommend it to the favorable consideration of the reading public. For the success of this work, he relies chiefly on the latter circumstance. Mexico has recently been the theatre of many thrilling events. The presses of the country are teeming with hooks written on Mexico, the Mexican war, and Mexican manners and customs. Descriptions of camps, marches, battles, capitulations, and victories have almost sated the public mind. But these have all or nearly all had reference to the central or southern wings of our army. Little has been said or written in regard to the Army of the West. The object of the following pages is to supply this deficiency and to do justice to the men whose courage and conduct have accomplished the most wonderful military achievement of modern times. For what can be more wonderful than the march of a single regiment of undisciplined troops through five populous States of the Mexican Republic, almost annihilating a powerful army and finally returning home after a march of near six thousand miles, graced with the trophies of victory? To the kindness and courtesy of Col. Doniphan and Price, Lieutenant Colonel Jackson and Major Gilpin, Captains Waldo and Reid, Montgomery Leintz and Dudley H. Cooper, the author is indebted for much valuable information. He also desires to express the obligations under which he feels himself to the late lamented Captain Johnston, aid de camp to Gen. Kearney, whose Notes were recently

published and to the Hon Willard P Hall of Missouri for an account of the march of Lieutenant colonel Cooke to California and of the subsequent operations of General Kearney in that country His acknowledgments are also due to his valued and esteemed friend L A Maclean of the Missouri Horse Guards who generously and gratuitously furnished most of the designs which embellish this work These sketches were engraved by H C Grosvenor of Cincinnati About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
