**₹1 Lakh in 7 Days Challenge: A No-BS System to Make Money Fast** Gaurav Modi, Making money doesn't require luck. It requires speed, clarity, and the right strategy. Most people fail because they follow slow methods: content creation, passive income, or long-term plans. But what if you had only 7 days? This book is built for exactly that. This is NOT a get-rich-quick scam. It's a high-speed execution system designed to help you generate real cash using skills you already have. Inside this guide, you'll learn how to shift from overthinking to fast action and high-value deals. What you'll learn inside: How to break 1,00,000 into daily achievable targets. The High Ticket, Low Volume strategy: earn more with fewer clients. How to sell services instead of wasting time on low-profit products. The fastest way to get paid using freelancing and direct selling. How to find urgent clients ready to pay immediately. The exact outreach system to close deals fast. How to structure your day for maximum income. 7-day execution plan. Scaling strategies to increase income quickly. This system focuses on one thing: Speed. Execution. Money. As explained in the early chapters, success depends on high-value transactions and immediate action, not waiting for results. Important: This book is not for people looking for shortcuts. It's for people ready to take action, face rejection, and work intensely for 7 days. If you follow this system properly, you won't just earn money; you'll learn how to generate income on demand.

**Work in the Digital Media and Entertainment Industries** Tanner Mirrlees, 2024-11-06. This book is a first of its kind: a critical interdisciplinary introduction to the economic, political, cultural, and technological dimensions of work in the rapidly growing digital media and entertainment industries (DMEI). Tanner Mirrlees presents a comprehensive guide to understanding the key contexts, theories, methods, debates, and struggles surrounding work in the DMEI. Packed with current examples and accessible research findings, the book highlights the changing conditions and experiences of work in the DMEI. It surveys the DMEI's key sectors and occupations and considers the complex intersections between labor and social power, relations of class, gender, and race, as well as tensions between creativity and commerce, freedom and control, meritocracy and hierarchy, and precarity and equity, diversity and inclusivity. Chapters also explore how work in the DMEI is being reshaped by capitalism and corporations, government and policies, management, globalization, platforms, AI, and worker collectives such as unions and cooperatives. This book is a critical introduction to this growing area of research, teaching, learning, life, labor, and organizing, with an eye to understanding work in the DMEI and changing it for the better. Offering a broad overview of the field, this textbook is an indispensable resource for instructors, undergraduates, postgraduates, and scholars.
