Colonel Sun Kingsley Amis, 1968 In this first continuation novel published after Ian Fleming's death, the fictional British Secret Service operative James Bond tracks down the kidnapers of M, his superior at the Secret Service. During the mission, he discovers a communist Chinese plot to cause an international incident. Bond, assisted by a Greek spy working for the Russians, finds M on a small Aegean island, rescues him, and kills the two main plotters: Colonel Sun Liang-tan and a former Nazi commander Von Richter. Adapted from Wikipedia [The Forgotten James Bond](#) Nader Elhefnawy, 2015-09-08 The James Bond franchise has flourished for over six decades and in the process shaped pop culture in manifold ways, from the image of the spy to the conventions of the action film. Yet well-known as James Bond is, a very great deal about the series as it was originally conceived from the self-parody in the original Ian Fleming novels to the places some of the most and least praised Bond films hold in cinematic history to the various ways the authors of the continuation novels have handled the adventures are now remembered only vaguely or not at all. **THE FORGOTTEN JAMES BOND** takes all these and more for its subject, concentrating not on the James Bond everyone knows but the James Bond fans and critics tend to overlook. *LIFE*, 1968-05-03 *LIFE* Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at [LIFE.com](#), the largest, most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events.
