Colonel Death:

Death of a Confederate Colonel Pat Carr,2011-07-01 Dramatically compelling and historically informed The Death of a Confederate Colonel takes us into the lives of those left behind during the Civil War These stories all with Arkansas settings are filled with the trauma of the time They tell of a Confederate woman s care of and growing affection for a wounded Union soldier a plantation mistress s singular love for a sick slave child and an eight year old girl s fight for survival against frigid cold injury starvation heartbreak and lawlessness Here are women holding down the home front with heroism and loyalty or sometimes with weakness and duplicity Will a young belle remain loyal to her wounded fiance How long can a caring nurse hold her finger on a severed artery And how does anyone comprehend the legacy of slavery and the brutality of war The Death of a Confederate Colonel triumphs in its portrayal of desperate circumstances coated in the patina of the Civil War era the complexity of ordinary people confronting situations that change them forever Colonel Death Jon Sharpe,1991

Unnatural Death Dr. Michael M. Baden,1990-03-28 JFK s autopsy failed to disclose crucial evidence The deaths of John Belushi and Elvis Presley were far more complex than anyone has let on Decisive medical findings in the von Bulow affair were consistently overlooked These are but three of the shocking revelations in Dr Michael Baden s first person no holds barred account of his distinguished career in forensic pathology In determining the causes of tens of thousands of deaths from those of presidents and rock stars to victims of serial killings exotic sex rituals mass disasters child abuse and drug abuse Baden has come to the unavoidable conclusion that the search for scientific truth is often sullied by the pressures of expediency He produces dramatic evidence to demonstrate that political intrigue influence peddling and professional incompetence have created a national crisis in forensic medicine A fascinating look into the mechanics of forensics and a disconcerting lesson in the politics of death The New York Times Book Review Life of Oliver Cromwell to the Death of Charles the First John Richard Andrews (Barrister-at-Law.),1870 Memorial Addresses on the Death of Gov.
