American History Harvard University. Library, 1967 **Beyond 1492** James Axtell, 1992 In this provocative and timely collection of essays five published for the first time one of the most important ethnohistorians writing today James Axtell explores the key role of imagination both in our perception of strangers and in the writing of history Coinciding with the 500th anniversary of Columbus's discovery of America this collection covers a wide range of topics dealing with American history Three essays view the invasion of North America from the perspective of the Indians whose land it was The very first meetings he finds were nearly always peaceful Other essays describe native encounters with colonial traders creating the first consumer revolution and Jesuit missionaries in Canada and Mexico Despite the tragedy of many of the encounters Axtell also finds that there was much humor in Indian European negotiations over peace sex and war In the final section he conducts searching analyses of how college textbooks treat the initial century of American history how America's human face changed from all brown in 1492 to predominantly white and black by 1792 and how we handled moral questions during the Quincentenary He concludes with an extensive review of the Quincentenary scholarship books films TV and museum exhibits and suggestions for how we can assimilate what we have learned **Colonies of the World** Edward John Payne, 1913

Colonies of the world , 1910 *The Mayflower* Kate Caffrey, 2014-10-18 The ship itself was obscure and small valued at a mere 128 pounds eight shillings and fourpence Each passenger had a total area the size of a single mattress under a five foot ceiling in which to cook eat sleep dress and all the rest of living During the months long journey one Pilgrim died Another washed overboard was miraculously washed back on deck A crew member not so fortunate perished The landing at Plymouth was on the morning of Monday December 11 1620 Ahead of this brave band lay a harsh winter which robbed more than half the settlers of their lives When spring came at last 54 people were left 21 of them under sixteen But when the Mayflower sailed back to England not one survivor asked to return The men and women of the Mayflower did not come seeking fame or profit They sought and found peace The agreement they drew up before landing was described by John Quincy Adams as the first example in modern times of a social compact or system of government instituted by voluntary agreement conformable to the laws of nature by men of equal rights and about to establish their community in a new country This book reconstructs the voyage that linked European civilization and America the facts behind what was to become the first legend of the American people a pioneering journey that took nearly four centuries to come to life as it does in these pages *Widener Library Shelflist: American history* Harvard University.
