Colonialisms Children:

British Children's Adventure Novels in the Web of Colonialism Nilay Erdem Ayyıldız, 2018-10-09 This book fills a remarkable void in literary studies which has escaped the attention of many researchers It interrogates the extent to which nineteenth century children s adventure novels justify and perpetuate the British Imperialist ideology of the period In doing so it begins with providing a historical background of children s literature and nineteenth century British imperialism It then offers a theoretical framework of postcolonial reading to decipher the colonial discourse employed in the selected children s adventure novels As such the book offers postcolonial readings of R M Ballantyne s *The Coral Island* 1858 W H G Kingston s *In the Wilds of Africa* 1871 and H R Haggard s *King Solomon s Mines* 1885 It will appeal to students academicians and researchers in fields such as postcolonialism children s literature and British Imperialism **Britannia's children** Kathryn A Castle, 2017-03-01 Many European countries their imperial territories and rapidly Europeanising imitators like Japan established a powerful zone of intellectual ideological and moral convergence in the projection of state power and collective objectives to children This book is an introduction to the imperial images of the Indian African and Chinese created for the youth of Britain through their history textbooks and popular periodicals Focusing on materials produced for children by textbook historians and the popular press it provides a study of both the socialization of the young and the source of race perceptions in 20th century British society Against a backdrop of promoting the wonderful development of the Anglo Saxon race textbook historians approached British India as the primary example of imperial achievement Chinese characters continued to feature in the periodicals in a variety of situations set both in China and the wider world Africa was a favoured setting for adventure in the years between the world wars and African characters of long standing retained their popularity While much of the improving material began to disappear reflecting the move toward a youth centred culture Indian African and Chinese characters still played an important role in stories and features The images of race continued into the inter war years The book shows how society secures the rising generation in the beliefs of the parent society and how the myths of race and nationality became an integral part of Britain s own process of self identification [The Legacy of Colonialism](#) Mark A. Bonacci, 1990 **Velvet Colonialism's Legacy to Hong Kong** Robert Edward Mitchell, 1998 *Pawnship, Slavery, and Colonialism in Africa* Paul E. Lovejoy, Toyin Falola, 2003 Exploring the age old institution of African debt bondage in which people are held as collateral in lieu of debts that have been incurred these twenty essays look at the various effects of this practice on such issues as kinship gender and the international slave trade Continuing well into the 1930s because of the economic demands enforced by European colonial rule pawnship and slavery in the event of default on a loan has had a particularly detrimental effect on women and children demonstrating the links between credit servility and gender in large parts of Africa **From Colonialism to the Contemporary** Lance Weldy, 2006 The compilation of this book has been carefully constructed to convey the essence of its title *From Colonialism to the Contemporary Intertextual Transformation in*

World Children's and Youth Literature In other words the different chapters have been selected and ordered to illustrate the chronological effects surrounding the phenomenon of Children's and Youth Literature While this selection of essays as a whole does not seek to provide an exhaustive historical analysis of literature surrounding and written for children it does seek to highlight several points in time that will give the reader a sound understanding of certain shifts in ideology found in children's literature Furthermore the focus of this book is multivalent and interconnecting While historically tracing a few texts from around the world along a timeline this book also seeks to convey the transformative and intertextual nature of these respective texts thereby revealing that children's literature is not an isolated genre but instead one that conveys and is subject to all the same ideologies as other genres of literature Furthermore it is important to note that these chapters highlight texts from around the world as the title expresses Therefore the reader can see how audiences have responded to and transformed texts pertaining to such countries as India the United States and the United Kingdom as well as regions like Western Europe and Scandinavia Meta narratively speaking this book also reflects the multinational nature and audience of this book with contributing scholars writing from and representing various parts of the world Most importantly the thread that ties all of these topics together is Transformation *The Legacy of Colonialism* Máire Ní Fhlathúin, 1998

Post-colonialism D. Pal S. Ahluwalia, 1997 **INTIMATE COLONIALISM** Laurie L Charlés, 2007-05-15 A lyrical autoethnographic study of a woman's Peace Corps tour showing the personal intimate side of development work and the lasting impressions on both the worker and the community **Gender and Colonialism** Geraldine Moane, 1999-02-26 Develops a liberation psychology which would aid in transforming the damaging psychological patterns associated with oppression **Human Services in the Rural Environment**, 1996 *Settler Colonialism and the Transformation of Anthropology* Patrick Wolfe, 1999 Organized around a startling historical reconstruction of the political and theoretical conditions that produced the great anthropological controversy over doctrines of virgin birth this book argues that the allegation that natives do not understand the relation between sex and conception reveals a great deal about European colonial discourse and little if anything about indigenous belief As the author explores the links between metropolitan anthropological theory and local colonial politics from the nineteenth century to the present the specificity of settler colonialism and the ideological and sexual regimes that characterize it emerge with increasing clarity In addition to re-reading the history of anthropology and its intersections with colonial power this book obliges us to reconceptualize the heterogeneity of colonialism itself Back cover **APAIS, Australian Public Affairs Information Service**, 1999 Vol for 1963 includes section Current Australian serials a subject list *Moral Education in Korea Under Japanese Colonialism During 1910-1945* Ma-Ji Rhee, 1989 **Colonialism in the Margins** Gunlög Maria Fur, 2006 The first book length study of Swedish Indian encounters in the New Sweden colony on the Delaware River focuses on land trade and culture from the founding in 1638 until the 1680s and compares these relations with Swedish interaction with Saami people

Constructions of Colonialism Ian J. McNiven, Lynette Russell, Kay Schaffer, 1998 The story of Eliza Fraser and her shipwreck off the Queensland coast in 1836 is one of the famous shipwreck sagas of the 19th century This book critically examines the whole episode
