themselves under a strange night sky where no stars were familiar and where Gaul and Rome were unknown They were in an outpost of the embattled Empire of Videssos in a world where magic and dark sorcery would test their skill and courage as no Roman legion had ever been tested before From the Paperback edition *How Few Remain* Harry Turtledove,2008-12-24 From the master of alternate history comes an epic of the second Civil War It was an epoch of glory and success of disaster and despair 1881 A generation after the South won the Civil War America writhed once more in the bloody throes of battle Furious over the annexation of key Mexican territory the United States declared total war against the Confederate States of America in 1881 But this was a new kind of war fought on a lawless frontier where the blue and gray battled not only each other but the Apache the outlaw the French and the English As Confederate General Stonewall Jackson again demonstrated his military expertise the North struggled to find a leader who could prove his equal In the Second War Between the States the times the stakes and the battle lines had changed and so would history *Second Contact* Harry Turtledove,2014-05-10 In this first alternate history novel of the sequel series to Harry Turtledove s acclaimed Worldwar saga the space race is in its infancy in the 1960s and Earth faces alien colonization Yet the United States Soviet Union and Nazi Germany are too locked in conflict to unite against the invaders *The Guns of the South* Harry Turtledove,2011-04-20 It is absolutely unique without question the most fascinating Civil War novel I have ever read Professor James M McPherson Pulitzer Prize winning BATTLE CRY OF FREEDOM January 1864 General Robert E Lee faces defeat The Army of Northern Virginia is ragged and ill equipped Gettysburg has broken the back of the Confederacy and decimated its manpower Then Andries Rhodie a strange man with an unplaceable accent approaches Lee with an extraordinary offer Rhodie demonstrates an amazing rifle Its rate of fire is incredible its lethal efficiency breathtaking and Rhodie guarantees unlimited quantities to the Confederates The name of the weapon is the AK 47 Selected by the Science Fiction Book Club A Main Selection of the Military Book Club *Krispos Rising (The Tale of Krispos, Book One)* Harry Turtledove,2008-12-30 Videssos was beset by enemies abroad and had fallen into decadence at home But on his first night in the imperial capital The Empire s health mattered less to Krispos than finding a dry place to sleep Driven by crushing taxes from the farm where his family had lived and died Krispos had come to the city seeking what fortune a good mind and a strong back could earn He had a single goldpiece to his name the gift years past of a nomad chieftain to a ragged peasant boy Now though the night was raw and the inn was warm he was loath to spend that coin for the barbarian had claimed it carried magic Keep his lucky goldpiece or trade it for a warm dry bed Krispos tucked the coin away and stepped back into the wet streets all unaware that so simple a choice would lead to a world of peril and possibility ***Upsetting the Balance (Worldwar, Book Three)*** Harry Turtledove,2002-01-08 Russia Communist China Japan Nazi Germany the United States they began World War II as mortal enemies But suddenly their only hope for survival never mind victory was to unite to stop a mighty foe one whose frightening technology appeared invincible Far worse beings than the Nazis were loose From Warsaw to Moscow to China s enemy occupied Forbidden City the nations

of the world had been forced into an uneasy alliance since humanity began its struggle against overwhelming odds In Germany where the banshee wail of hostile jets screamed across the land caches of once forbidden weapons were unearthed and unthinkable tactics were employed against the enemy Brilliantly innovative military strategists confronted challenges unprecedented in the history of warfare Even as lack of fuel forced people back to horse and carriage physicists worked feverishly to create the first nuclear bombs with horrifying results City after city joined the atomic pyre as the planet erupted in fiery ruins Yet the crisis continued on land sea and in the air as humanity writhed in global combat The tactics of daredevil guerrillas everywhere became increasingly ingenious against a superior foe whose desperate retaliation would grow ever more fearsome No one had ever put the United States or the world in such deadly danger But if the carnage and annihilation ever stopped would there be any pieces to pick up

**Homeward Bound** Harry Turtledove, 2005-12-27 The twentieth century was awash in war World powers were pouring men and machines onto the killing fields of Europe Then in one dramatic stroke a divided planet was changed forever An alien race attacked Earth and for every nation every human being new battle lines were drawn HOMEWARD BOUND With his epic novels of alternate history Harry Turtledove shares a stunning vision of what might have been and what might still be if one moment in history were changed In the WorldWar and Colonization series an ancient highly advanced alien species found itself locked in a bitter struggle with a distant rebellious planet Earth For those defending the Earth this all out war for survival supercharged human technology made friends of foes and turned allies into bitter enemies For the aliens known as the Race the conflict has yielded dire consequences Mankind has developed nuclear technology years ahead of schedule forcing the invaders to accept an uneasy truce with nations that possess the technology to defend themselves But it is the Americans with their primitive inventiveness who discover a way to launch themselves through distant space and reach the Race s home planet itself Now in the twenty first century a few daring men and women embark upon a journey no human has made before Warriors diplomats traitors and exiles the humans who arrive in the place called Home find themselves genuine strangers on a strange world and at the center of a flash point with terrifying potential For their arrival on the alien home world may drive the enemy to make the ultimate decision to annihilate an entire planet rather than allow the human contagion to spread It may be that nothing can deter them from this course With its extraordinary cast of characters human nonhuman and some in between Homeward Bound is a fascinating contemplation of cultures armies and individuals in collision From the novelist USA Today calls the leading author of alternate history this is a novel of vision adventure and constant astounding surprise
