Every Day is Mother's Day Emily Chantiri, 2012-01-24

Simple but effective savings tips for mums to implement every day. Encourages mums to spend some money on themselves, guilt free. Helps mums prioritise their needs and allocate time to recharge and reward themselves. It is fair to say that the role of a mother today is a far cry from the traditional homemaker image of the late fifties and the generations before. Many women juggle a career, take care of the household bills, chauffeur the children from place to place, the list is endless. And while we manage to do it all, there is very little we do for ourselves. It doesn't matter if you're working or not, single or partnered, ask any mother what she wants more of, and the answer will be time and money to enjoy some of life's pleasures. Every woman's circumstances may differ, but they all need to reward themselves now.

and then Every Day is Mothers Day will help you regain some time and money to spend on yourself without feeling guilty It s time to move yourself up on the list of priorities to ensure you make the most of your life Don t wait for that one day each year in May when you allow yourself to enjoy being pampered by the kids Its time to embrace this change and from now on make every day Mothers day After all a happy mum leads to happier family life
