Colour Of Light:

Colour, Light and Wonder in Islamic Art Idries Trevathan, 2020-02-17 The experience of colour in Islamic visual culture has historically been overlooked In this new approach Idries Trevathan examines the language of colour in Islamic art and architecture in dialogue with its aesthetic contexts offering insights into the pre modern Muslim experience of interpreting colour The seventeenth century Shah Mosque in Isfahan Iran represents one of the finest examples of colour use on a grand scale Here Trevathan examines the philosophical and mystical traditions that formed the mosque s backdrop He shows how careful combinations of colour and design proportions in Islamic patterns expresses knowledge beyond that experienced in the corporeal world offering another language with which to know and experience God Colour thus becomes a spiritual language calling for a re consideration of how we read Islamic aesthetics

The Colour, Light and Contrast Manual Keith Bright, Geoffrey Cook, 2010-01-06 Endorsed by the Society of Light and Lighting this practical book offers comprehensive guidance on how colour light and contrast can be incorporated within buildings to enhance their usability The book provides state of the art clear guidance as well as a valuable information source for busy professionals involved in the design or management of new and existing environments The ways colour light and contrast are used within built environments are critical in determining how people interact with the space and how confident safe and secure they will feel when doing so They also have a major influence on a person s sense of well being and their ability to use the environment independently and without undue effort Understanding how to use colour and contrast and how they are influenced by both natural and artificial lighting is vital for all those involved in the design and management of the environments and spaces we all use In recent years there has been a considerable amount of work undertaken to further our understanding of how colour light and contrast affect emotion and sensory abilities and how they can assist or hinder people in their everyday lives Other publications consider these issues individually but The Colour Light and Contrast Manual designing and managing inclusive built environments draws knowledge and information together to produce a unique comprehensive and informative guide to how the three elements can work together to improve the design and management of environments for us all Supporting website at www.wiley.com/go/brightandcook
