

Columbus Story

Edwin Markham

Columbus Story:

Columbus and His First Voyage James E. Wadsworth, 2016-10-06 What happened on Columbus's first voyage across the Atlantic? Who was responsible for the success of that voyage? How do we know? These questions were debated in the courts of Spain for decades after 1492. Some of those who sailed with Columbus left very different accounts as recorded in those trial records. Their competing voices have long been silenced by the deafening crescendo of Columbus's own narrative, a narrative riddled with contradictions and inconsistencies that beg to be explained. This documentary history allows the reader to encounter the founding documents of the Columbus story as well as the voices that dared to challenge it even in his own day. What these documents reveal forces us to re-imagine Columbus and his voyage in surprising ways. Columbus and His First Voyage brings together for the first time the two contemporary versions of what happened on the first voyage: the Columbian narrative and the Pinzón narrative and embeds them in a thorough introduction to Columbus, his first voyage, and the myths that surround this pivotal event in the history of the modern world.

The Story of Columbus Gladys Imlach, 2015-01-06 This is a short history of Christopher Columbus and his journeys to the New World. The most seminal event of the last millennium might also be its most controversial. As schoolchildren have been taught for over 500 years, in 1492 Columbus sailed the ocean blue. In October of that year, the Italian Christopher Columbus immortalized himself by landing in the New World and beginning the process of European settlement in the Americas for Spain, bringing the Age of Exploration to a new hemisphere with him. Ironically, the Italian had led a Spanish expedition in part because the Portuguese rejected his offers in the belief that sailing west to Asia would take too long. Columbus had better luck with the Spanish royalty, successfully persuading Queen Isabella to commission his expedition. In August 1492, Columbus set west for India at the helm of the *Niña*, *Pinta*, and *Santa María*. After a harrowing trip that nearly left his crew mutinous, on October 7, 1492, the three ships spotted flocks of birds suggesting land was nearby, so Columbus followed the direction in which the birds flew. On the night of October 11, the expedition sighted land, and when Columbus came ashore the following day in the Bahamas, he thought he was in Japan, but the natives he came into contact with belied the descriptions of the people and lands of Asia as wealthy and resourceful. Instead, the bewildered Columbus would note in his journal that the natives painted their bodies, wore no clothes, and had primitive weapons, leading him to the conclusion they would be easily converted to Catholicism. When he set sail for home in January 1493, he brought several imprisoned natives back to Spain with him. Everyone agrees that Columbus's discovery of the New World was one of the turning points in history, but agreements over his legacy end there. Columbus became such a towering figure in Western history that the United States capital was named after George Washington, and him. Conversely, among the Native Americans and indigenous tribes who suffered epidemics and enslavement at the hands of the European settlers, Columbus is widely portrayed as an archvillain.

Finding Columbus's Gold Howard Yasgar, 2022-07-11 In 1966, an old friend invites Matt Vercair to Port au Prince, Haiti, to assist in disassembling and selling a now-defunct Haitian railroad.

acquired under unusual circumstances Once in Haiti Matt is introduced to chief archeologist Dr Marc Blanchet Blanchet is an expert on Christopher Columbus and everything he did on the island of Hispaniola According to Blanchet the history being taught about Columbus is a fraud Instead of exploration Columbus s true intentions were to amass gold and sell as many slaves as he could to finance his travels Blanchet knows where a large cache of Columbus s gold has been hidden in Haiti for five hundred years With the help of a map Matt now embarks on an incredible journey to recover the gold traveling across previously unexplored terrain The railroad is of little concern as they search for hidden treasure but it s possible Matt is about to find a lot more than riches in the beautiful but dangerous wilds of Hispaniola

Border Crossings Arnold E. Davidson, Priscilla L. Walton, Priscilla L. Walton, Jennifer Courtney Elizabeth Andrews, 2003-01-01 Thomas King is the first Native writer to generate widespread interest in both Canada and the United States He has been nominated twice for Governor General s Awards and his first novel *Medicine River* has been transformed into a CBC movie His books have been reviewed in publications such as *The New York Times Book Review* *The Globe and Mail* and *People* magazine King is also the author of the serialized radio series *The Dead Dog Caf* and is an accomplished photographer *Border Crossings* is the first full length study to explore King s art Davidson Walton and Andrews employ a framework of postcolonial and border studies theory to examine the concepts of nation race and sexuality in King s work They examine how King s art routinely explores cross cultural dynamics including Native rights and race relations American and Canadian cultural interaction and the artistic traditions of Europe and North America The authors argue that by situating these concepts within a comic framework King avoids the polemics that often surface in cultural critiques His writing engages entertains and educates This provocative analysis of King s art reads across cultures and between borders and makes an important contribution to the study of Native writing Canadian and American literature border studies and humour studies
