Unknown Memeland is a philosophical cyberpunk novel set in West City a sprawling nuclear waste facility in the heart of the Earthsphere where strange events unfold at the Ground Zero of an imperial invasion led by the forces of Lord Frieza and the Shinra Electric Corporation **Valhalla Underground?** R.W. Garcia,2010-08-17 I d like you to meet my friend Xavier Basch He hates cops authority government you know anything that restrains him Xavier seeks the kind of unattainable freedom that only an anarchical nihilist could dream The irony is that his relentless search to realize his own destiny lands him in prison Now granted killing a cop would seem to be the most counter productive attempt to liberate one s self but Xavier can be a little irrational at times You see Xavier s heart is laden with heaviness of his dark past He represses these memories to such a strong degree that he passes out frequently It s like he can control his own amnesia Inside his lucid dreams he finds familiar sights and sounds A dream world too subtle and boring to be fantasy In fact Xavier s dreams are so lifelike that he sometimes confuses the waking world with the dream world Which poses very intriguing questions Is his life in prison reality or are his boring dreams Is Xavier a heavily confused mental case or is he the only one who knows the truth Perhaps the most frightening question is Is Xavier really Xavier If I am I And you are you Then who is X **Children's**
