

Patriots vs. Loyalists_ A Colonial Dilemma

READING COMPREHENSION

Passage # 01

The Patriots and the Loyalists in the American Revolution

During the American Revolution, the colonies were divided into two main groups: the Patriots and the Loyalists. The Patriots, also known as Whigs, were the majority and sought independence from Britain. The Loyalists, also known as Tories, remained loyal to the British crown. Both groups were represented in the Continental Congress, but the Patriots were more vocal in their demands for independence.

Passage # 02

Families Divided: The Personal Cost of Choosing a Side

The American Revolution was not just a political struggle between the colonies and the British, but also a deeply personal one. Families were often divided, with members choosing different sides. This led to personal hardships, including the loss of property and loved ones. The personal cost of choosing a side was often high, and many families were torn apart by the conflict.

Passage # 03

Reasons of Rebellion: Why Patriots Fought for Independence

There were several reasons why Patriots fought for independence from Britain. One major reason was the issue of taxation without representation. The British imposed taxes on the colonies without allowing them to have a say in the process. This led to widespread anger and a desire for self-governance. Other reasons included the desire for greater political rights and the belief that the British were violating the colonists' rights as Englishmen.

Passage # 04

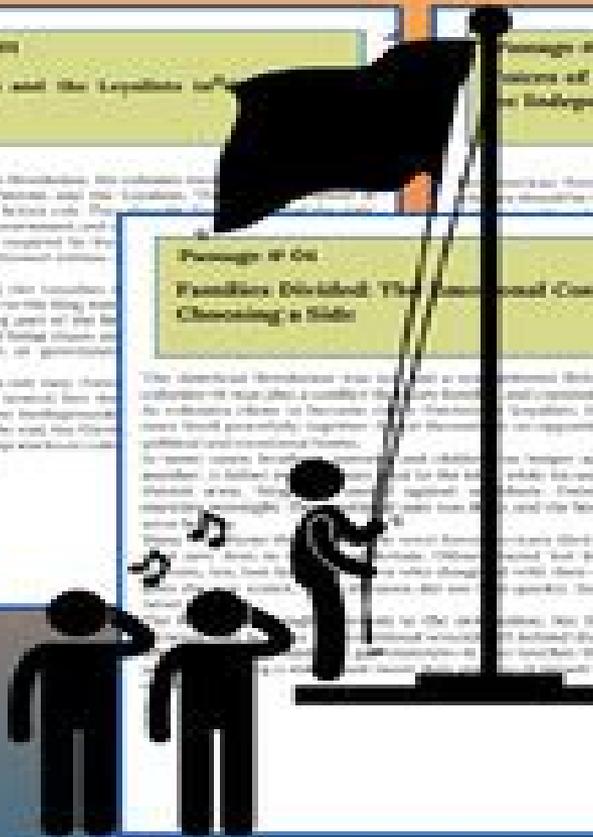

Loyal to the Crown: The Perspective of the Loyalists

For many Loyalists, loyalty to the British crown was a matter of principle. They believed that the British government was the legitimate authority and that the colonies were part of a united kingdom. Loyalists often argued that the Patriots were the ones who were breaking the law and causing chaos. They also believed that the British would eventually recognize the colonies' rights and grant them more autonomy.

Passage # 05

Debate in the Colonies: Freedom or Loyalty?

Before the American Revolution began, a great debate spread through the colonies: freedom or loyalty? Patriots argued that the British government was oppressive and that the colonies should seek independence. Loyalists argued that the British government was the only source of order and stability, and that the colonies should remain loyal. The debate was often heated and led to the outbreak of the war. The outcome of the war would determine whether the colonies would gain freedom or remain loyal to the crown.
