Simpson Agonistes Robert Metcalfe,2012-04 It was called the trial of the century in a century whose end is now a decade in the past But its impact has reverberated well into this one as its subject continues to make headlines In Simpson Agonistes author Robert Metcalfe offers an original angle on the O J Simpson murder case and trial using Herodotus s lost perspective as a guide Simpson Agonistes revisits the Brentwood murders and their aftermath from two opposite perspectives One is a modern fact based reinterpretation of pieces of the key evidence the uncut left hand glove and the thumps on Kato Kaelin s guesthouse wall that have never been satisfactorily explained The other perspective discusses what Herodotus would have had to say about this case as Metcalfe begins a study in nemesis or retributive justice He applies both methodologies to an analysis of what went wrong that fatal night to spoil an almost perfect crime as well as changes to Simpson s story since

Simpson Agonistes presents a scenario that often reads like a tragedy or psychodrama complete with a catharsis at its close
