Navy Department,1927 *Victory at Mortain* Mark J. Reardon,2002 Determined to drive the Allies back to the English Channel elements of four combat hardened panzer divisions faced off against a single American infantry division near the town of Mortain The Americans held their ground enabling the Allied armies to secure the invasion and ultimately liberate France Reardon offers a new perspective on the German defeat in Normandy **Professional Journal of the United States Army** ,1955 **Women in the Army Policy Review** ,1982 **The R. Freedom showing that its plan was curiously divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior Throughout Citino points to the importance of mobility especially mobilized armor in modern operational warfare and assesses the respective roles of firepower training doctrine and command and control mechanisms Brimming with new insights Citino s study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare Blitzkrieg to Desert Storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era
