Beatles Revolver:

Revolver Robert Rodriguez, The Beatles, 2012-04-01 Book Acquired wisdom has always put Sgt Pepper at the head of the class but it was Revolver that truly signaled The Beatles sea change from a functional band to a studio based ensemble These changes began before Rubber Soul but came to fruition on Revolver which took an astonishing 300 hours to produce far more than any rock record before it The making of Revolver hunkered down in Abbey Road with George Martin is in itself a great Beatles story but would be nothing if the results weren't so impactful More than even Sgt Pepper and Pet Sounds Revolver fed directly into the rock n roll zeitgeist and its influence could be heard everywhere from the psychedelic San Francisco sound Jefferson Airplane Grateful Dead to the first wave of post blues hard rock Sabbath Zeppelin through movie soundtracks and pretty much everything that followed it including every generation of guitar based pop music and even heavy metal More than any record before or after Revolver was the game changer and this is finally the detailed telling of its storied recording and enormous impact

The Rock Canon CarysWyn Jones, 2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan's Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground's The Velvet Underground Nico Van Morrison's Astral Weeks Marvin Gaye's What's Going On The Rolling Stones Exile on Main St Patti Smith's Horses The Sex Pistols Never Mind the Bollocks Here's the Sex Pistols and Nirvana's Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries
