*THERAPY WITH THE LOVE TEACHER ... ALL I NEEDED FOR A BEAUTIFUL LIFE* Adrian Gabriel Dumitru, I wrote 10 books about love but maybe someone should come to forbidden me the right of speaking about the subject Cause to be honest i was writing so much about it but i don t really know what love is When i was personally involved i was blind I was

not seeing clear absolutely anything at all Most probably being so so deep in those stories i did not had the ability to see everything detached and it all became illusory for my mind And i had so contradictory perceptions But one day someone told me an interesting story about how he got all what he wanted in his life except love This story made me decide to start writing a new book about the subject but from a new perspective This time i was the one that watch the play like a spectator I was looking at him but also at her I was not interested to analyze more one of the sides but only and only the connection between those souls My new friend started to tell me more and more about his life and the paradox that even if he succeeded to get from life all he ever dreamed he could not see any joy at all for himself There was no reason for him to smile or to be happy His face was always sending to everyone the impression of a profound unhappiness But one day the guy which by the way was a married person met an amazing lady and asked her to be his love teacher He could not say it from the beginning but the next second he had this opportunity he found the guts to say it And the funny thing was that she said yes She accepted the fact that he was married cause there was no other chance to be together for the present moment So they started the lesson Brian this was his real name was telling me new and new details Many times i was simple smiling not really knowing how to define the 2 of them but later i realize that Carla was in the same position as him She tried many times to find the happiness The Universe sent in her life so so many men but all of those relationships looked like what we could name as pathless paths This time with this guy Brian all looked different And he really wanted to understand what love is about He came to me confessing about his amazing story with Carla and we were wondering why the hell we had to learn so so many things in school but never about love His relationship with Carla became kind of a therapy A weird one but even if it was a slow process my friend Brian started to feel like a different person He was visiting her in her small studio spending so so many hours together kissing her discussing together but also making love She was teaching him the tremendous power of touch the meaning of feelings and how love can heal our souls Everyday was a new lesson She was his therapist but liking her so so much and falling in love with her he became her therapist also In the night he was coming back at home and he was meditating more and more of what he was doing Had no regret that he was cheating his wife cause the connection itself was broken by a long long time And he loved this kind of therapy Everyday he wanted to spend more and more time with her Her energy all that love felt while being into her arms even if there were moments when they simple practiced the silence was making him feel cured I was analyzing them more and more until one day when i had the chance to meet her also And i had the same feeling regarding Carla that she was also having therapy with my friend Brian love therapy Now i was looking from outside at all this and i actually saw my stories all my love stories I was analyzing and defining them but i was trying to understand my stories and my way of acting from the past It all became so damn clear now Looking at Brian and Carla i suddenly understood that all i was doing into my past In all the love stories was to heal my soul I needed therapy also But i was afraid of following a classic way at a regular therapist All needed to be abstract to hide the fact that i needed to heal my

broken soul I smile realizing that all those partners were my therapists Brian and Carla made me understand much clearer my own story And many others as them Seeing detached all those love stories defining them in my writings little by little i started to understand what love is about and its tremendous power
