*Discapacidad e integración* Salomé Adroher, 2004-01-01 Contribuciones desde tres planos distintos el académico el profesional y el personal se unen en esta publicación con el objetivo de reflexionar sobre aspectos diversos relacionados con las personas con discapacidad cuestiones de familia educación e integración laboral y social **El Bebé con discapacidades**

Janine Lévy, 1993 Este libro describe una experiencia cuenta una aventura humana como permanecer indiferente como quedar sin respuesta frente a la soledad a la infinita angustia de los padres que acaban de traer al mundo a un niño con discapacidades Janine Levy ha intentado hacer frente a esta situación mediante ciertas nociones esenciales afirmando que mientras que a los padres hay que apoyarles y acompañarlos en su dolorosa evolución sembrada de obstáculos y de incomprendimientos al niño tan precozmente como sea posible hay que observarlo protegerlo y ayudarlo a evolucionar Por supuesto sin necesidad de sobre estimularlo ni de convertirlo en objeto de excesiva atención pues también él como cualquier otro niño tiene derecho a gozar de su infancia Todo esto implica evidentemente una estrecha y cálida cooperación entre los padres y un equipo pluridisciplinario atento y completamente dedicado a su labor **La salud del bebé y del niño** Jane Collins, 2004-09-16 El niño discapacitado, 2003 **Comprendiendo a tu hijo discapacitado** Valerie Sinason, 1998-11 Un niño discapacitado es por encima de cualquier otra consideración un niño con las mismas esperanzas los mismos temores y los mismos problemas que tienen todos los niños Es decir con su propia personalidad En muchos países un niño minusválido tiene hoy muchas más posibilidades de las que otros tuvieron en el pasado Hoy en día las familias las escuelas los hospitales y las residencias son más conscientes que en el pasado de que los niños tienen además de las conocidas necesidades médicas y educativas necesidades emocionales muy importantes Por ejemplo Planificar su futuro lo cual da cierta confianza a toda la familia Contemplar con realismo sus problemas y sus exigencias Proporcionarle modelos adultos adecuados Fomentar su capacidad para adaptarse al entorno y crecer emocionalmente Este libro no puede ocuparse de todos los tipos de discapacidades que existen Pero hay cosas y cuestiones importantes que nos interesan a todosCuál es el mejor entorno para un niño discapacitado Cómo medir los cambios y el grado de desarrollo cuando las referencias no son las normales Y sobre todo qué se siente cuando se es diferente EL JUEGO Y LOS ALUMNOS CON DISCAPACIDAD Mercedes Ríos Hernández, Antonio Blanco Rodríguez, Neus Carol Gres, 2007-12-11 Cuando se habla de un colectivo con necesidades de integración se alude a un grupo de ciudadanos que por razón de sus particularidades no puede desarrollarse en la sociedad de una manera normal en el sentido estadístico de la palabra La integración se refiere a aquel proceso mediante el cual un individuo puede llegar a ejercer sus deberes y derechos con igualdad de oportunidades respecto a los demás ciudadanos En este sentido este libro incluye actividades y juegos que facilitan al educador herramientas para dar a conocer las características de las personas con discapacidad al resto del grupo No solo vivenciando la dificultad sino valorando las capacidades y la habilidad que ello comporta El libro se centra en el colectivo de alumnos con discapacidades físicas psíquicas y sensoriales

dando unas directrices de intervención que pueden resultar útiles a los educadores que quieran introducirse en este campo y a todos aquellos que intervienen en el ámbito de la educación del tiempo libre. El libro se divide en cuatro partes. En la primera trata de los aspectos teóricos de los juegos y describe las discapacidades más frecuentes citando las principales características. La segunda parte intenta dar una visión amplia de los criterios que deben adoptarse en los juegos más habituales para facilitar la integración de los alumnos con discapacidad. La adaptación de los juegos debe pasar por un correcto análisis de las características de los alumnos para los que se adapta. Para favorecer la integración en estos juegos se establece una categorización dentro de cada una de las discapacidades con el objetivo de facilitar el análisis de los juegos según a qué tipo de alumno se desee integrar. Por último se proponen los criterios de adaptación que se han seguido en cada discapacidad y se analizan 27 juegos que van de un bajo a un alto componente motor y competitivo. La tercera parte propone juegos específicos para cada una de las discapacidades. Se proponen juegos ya conocidos aunque adaptados según las características del grupo y la discapacidad que lo define. Al principio se proponen 12 juegos para desarrollarlos con grupo específico pero adaptados a cada una de las discapacidades. Posteriormente se describen 45 juegos específicos para la discapacidad física y la parálisis cerebral y 27 tanto para discapacidad psíquica como visual. La cuarta parte presenta juegos motores sensibilizadores: maniobrar una silla de ruedas, desplazarse sin ver con la ayuda de un bastón, enseñar cómo acompañar a una persona ciega, etc. Son experiencias que vividas de forma lúdica no se olvidan. El objetivo principal de esta cuarta parte es sensibilizar a los participantes sobre la realidad del colectivo de personas con discapacidad fomentando actitudes positivas y solidarias basadas en el respeto a la diversidad y evitando la aparición de actitudes negativas o no integradoras. Las propuestas de actividades de sensibilización son el juego de la oca sin barreras, la gincana Ciutat Vella sobre ruedas, un día de juegos sensibilizadores en el CP Prácticas II de Barcelona.

*Esperando a mi bebé / Waiting for Bebe* Lourdes Alcañiz, 2003-06-17. Esperando a mi bebé es la guía que aborda las cuestiones específicas de las mujeres latinas embarazadas. El embarazo en nuestra cultura latina es un gran acontecimiento familiar y por generaciones madres y abuelas han impartido sus consejos a sus hijas. Hoy en día a medida que las hijas trabajan y se mudan lejos de sus familias, este enlace de apoyo familiar está

desapareciendo Durante su embarazo Lourdes Alcáiz reconoció la necesidad de un libro que se enfocara claramente en las dificultades que confrontan las futuras madres latinas De ahí la inspiración de Esperando a mi bebé que toma una perspectiva personal y amigable sin dejar de ser una fuente de información médica sólida y precisa En él encontrar temas concretos tanto fisiológicos como culturales que afectan a las mujeres latinas durante el embarazo tales como Cómo llenar el vacío cultural entre pacientes hispanos y doctores que no los son tanto como las maneras de sentirse cómoda en la consulta médica Información actualizada sobre la diabetes del embarazo hipertensión enfermedad de la vesícula depresión y otras condiciones que afectan más a las mujeres latinas Dietas ideales para mujeres embarazadas que no privan el sabor de los platos latinos Ejercicio apropiado durante el embarazo y cómo incorporarlos a la rutina diaria Qué hierbas son seguras y cuáles no Cómo reconciliar las creencias populares del embarazo con los procedimientos médicos modernos La gama de emociones durante y después del embarazo y cómo reconocer la diferencia entre un simple malestar de humores y una depresión de posparto Recursos para mujeres latinas embarazadas sin seguro médico Salpicado de anécdotas de madres latinas acerca de sus experiencias físicas y emocionales durante todo el proceso del embarazo Esperando a mi bebé es una verdadera guía de confianza
