Bigelow V. RKO Radio Pictures, Inc, 1953 **Bedtime for Bonzo** Lou Breslow, Val Burton, 1951 The Exhibitor, 1947 Some issues include separately paged sections Better management Physical theatre extra profits Review Servisection *The Sheet Music Exchange*, 1985 **Reagan's Victory** Andrew Busch, 2005 Many have pointed to the Iran hostage crisis others to galloping inflation In reality as Andrew Busch makes clear Ronald Reagan's defeat of President Jimmy Carter in 1980 was attributable to more than any one issue no matter how galvanizing It marked the growing ascendancy of conservative attitudes that had been brewing for two decades and marked the clear end of the era of New Deal liberalism Busch offers the first comprehensive study of this contest going beyond journalistic accounts to show why it remains one of the truly landmark elections of the past century Through a compelling story full of colorful characters unexpected plot twists and dramatic finales he reveals how it both reflected the politics of its time and foreshadowed our nation's political future Beginning with Carter's crisis of confidence speech on July 15 1979 Busch introduces the field of candidates follows their campaigns through the primaries and general election identifies the key turning points and winning strategies and assesses the results including the GOP's first Senate majority in twenty six years He shows how the Democrats were weakened by the demise of the New Deal coalition and a decline in public confidence while Republicans were bolstered by the growth of the conservative movement and by all that had gone wrong during the Carter presidency He also examines the creation of a Sunbelt coalition the growing influence of religious conservatives and the independent candidacy of John Anderson which held Reagan's majority to 51 percent and foreshadowed Ross Perot's 1992 run Reagan's victory marked a major turning point in American presidential history realigned the demographics of party affiliation throughout the nation especially in the nation's Sunbelt and gave conservatives their first real victory in their fight against Big Government Busch's book recaptures the people and events of that historic campaign and greatly enlarges our understanding of American politics from the 1960s to the present

California. Court of Appeal (3rd Appellate District). Records and Briefs California (State)., **Presidential Campaigns** Paul F. Boller, 1984 Campaigning for the presidency demands strength and courage Teddy Roosevelt was once

shot in the chest just before a campaign speech but he insisted on delivering his hour and a half oration anyway Presidential nominees have to know how to play the game moreover whether they care for it or not When Andrew Jackson was visiting one town according to a campaign tale a proud mother handed a dirty faced baby up for him to hold Here is a beautiful specimen of young American childhood said Jackson obligingly Note the brightness of that eye the great strength of those limbs and the sweetness of those lips Then he handed the baby to his friend John Eaton Kiss him Eaton he cried and walked away And all presidential hopefuls have to find ways of smoothing over the unfortunate gaffes they sometimes commit During the 1992 campaign Bill Clinton provoked so much mirth when he said he once tried marijuana but found he couldn't inhale that he subsequently appeared on television to play his saxophone and told the host he took up the instrument because it didn't require inhaling You blow out Now in a revised and updated edition this enlightening and endlessly entertaining book unveils the whole history of American presidential elections from Washington to Clinton those clamorous showdowns that have so perplexed pleased amused irked and fascinated the American people from the very beginning As Charles Dickens observed American voters are scarcely finished with one campaign when they start in on another Presidential Campaigns brings these boisterous contests to life in all their richness and complexity In the old days Boller shows campaigns were much rowdier than they are today Back in the nineteenth century the invective at election time was exuberant and the mudslinging unrestrained a candidate might be called everything from a carbuncle faced old drunkard to a howling atheist But there was plenty of fun and games too with songs slogans rallies leaflets torchlight parades picnics and inescapably a lot of hyperbolic oratory livening up the scene as party workers sought to get people to the polls Despite the mudslinging and hot air however many of the campaigns touched off popular debates about vital public issues and there were many candidates like Adlai E Stevenson in 1952 who insisted on talking sense to the American people Presidential Campaigns takes note of the serious side of the elections even as it documents the frenzy the frolic and the sleaze Each chapter contains a brief essay describing every election from 1789 to 1992 and then presents some campaign highlights songs poems slogans jokes and anecdotes that help bring to life the quadrennial confrontation in all its shame and glory Presidential Campaigns makes one thing clear the great American shindig as one Englishman called it is for all its shortcomings an essential part of the American democratic system and for better or for worse tells us much about ourselves
