Lundy,2023-10-20 This empirical and theoretical book should be of interest to anyone who dares to consider the contentious topic of measuring and justifying aesthetic value in music as well as the issue of how experts compare to nonexperts in terms of aesthetic fluency aesthetic sensitivity and aesthetic judgment in appraising music The book should be both practical and personal for anyone who has a music collection and loves to see it grow continuously but wisely What makes someone an expert The key issue tackled here is how one develops into such a connoisseur of music Overall the book should spark much healthy debate about rock music quality and aesthetics in general both among scholars of aesthetics and the musically passionate general public Many of the ideas for connoisseur development for music could also be applied to appraisal in other areas of aesthetics beyond music such as films visual art or literature Words of Praise Professor Lundy s Guide to Rock Music Connoisseurship is simply fantastic It is written with elegance eloquence and passion His vast knowledge of rock n roll will enlighten every reader and his enthusiasm for this topic is infectious The book is designed to be comprehensible to any reader but also carefully cited to please the most demanding scholar He successfully aims to teach the reader how to become expert in evaluating the aesthetic quality of music using a precision system to guide us into deeper and defensible judgements on what pieces of music are the best and which are the worst This is a beautiful book that enriches the heart and brightens the mind Rhett Diessner Professor Emeritus of Psychology Lewis Clark State College author of Understanding the Beauty Appreciation Trait Empirical Research on Seeking Beauty in All Things Aesthetic judgments of music are important but poorly understood To the everyday listener they may seem arbitrary or otherwise inexplicable In this book Professor Lundy offers an unashamedly positive view on aesthetic judgments emphasizing their rational nature and showing how various non aesthetic biases that do exist can be minimized The result is a joyful celebration of music science and connoisseurship which is sure to spark further interest and debate on this fascinating topic Professor Patrik N Juslin Music Psychology Group Uppsala University Sweden [A Shirt Box Full of Songs](#) Barbara Dickson,2012-05-24 From singing to the postman when she was two years old to her annual sell out tours in the 2000s Barbara Dickson has been captivating her fans for the best part of sixty years In her autobiography she describes the joys of growing up in Fife with her talented brother and loving parents of moving to Edinburgh to find her place in the world and the stresses and strains of trying to make a living on the Scottish folk scene Not content to have just a successful singing career she turned to another acting A regular on prime time television Barbara also took to musicals and was the original lead role in Spend Spend Spend Her hugely successful time onstage earned her many acting accolades but her pursuit of perfection led to complete exhaustion from which she fought hard to recover Barbara writes beautifully about the close relationships she cultivated over these years with people such as Willy Russell Elaine Paige and Billy Connolly The result is a warm fascinating story encompassing the best of British music stage and television **Encyclopedia of Religion in America** Charles H.
