

Democracy In South Korea

Nicholas A. Seltzer, Steven L. Wilson

Democracy In South Korea:

Consolidating Democracy in South Korea Larry Jay Diamond, Byung-Kook Kim, Pyöng-guk Kim, 2000 A review of the dilemmas tensions and contradictions arising from democratic consolidation in South Korea It explores the turbulent features of Korean democracy in its first decade assesses the progress that has been made and identifies the key obstacles to effective democratic governance

The New Dynamics of Democracy in South Korea Chae-Han Kim, 2021-06-29 South Korea has been through important changes since its democratization in the late 1980s most recently in 2016 2017 when the candlelight protests led to the ousting of Park Geun hye and the election of Moon Jae in Taking a thematic approach to understanding South Korean democracy each chapter in this textbook is written by a leading Korean expert on a different element of South Korean politics and government Covering themes such as intergenerational differences the instability of the party system the role of the president and the impact of the 2016 demonstrations this is a vital and lively introduction to Korean politics This systematic and nuanced approach helps you understand the past present and possible futures of South Korea s democracy It also helps in understanding South Korea s system for the purposes of comparing it with other political systems The New Dynamics of Democracy in South Korea is an invaluable textbook for students of Korean politics which will also be a useful resource for scholars of comparative democracy

The Failure of Democracy in South Korea Sungjoo Han, 2024-03-29 The Failure of Democracy in South Korea explores the political instability and collapse of South Korea s Second Republic following a military coup in 1961 This book analyzes the root causes of the failure of democratic governance in a nation undergoing rapid social and political changes The study examines various perspectives on why the government led by Prime Minister Chang My n faltered including critiques of his leadership the flawed constitutional structure and the larger social and ideological divisions within South Korean society The author suggests that the inability of South Korea to sustain democratic institutions was influenced by acute ideological polarization with significant divides between anti Syngman Rhee revolutionaries and pro Rhee conservatives as well as between radical and conservative factions within the country These divisions made political cooperation and stability nearly impossible leading to the ultimate collapse of the democratic experiment The book draws on various theories of political development and democracy suggesting that a combination of factors including the centralization of political power a lack of pluralistic social structures and the absence of a democratic political culture contributed to the failure The study also highlights the challenges faced by developing nations where political decay can occur when ideological conflict especially between political elites prevents effective governance By focusing on South Korea s specific historical and social context the book provides a detailed sectoral analysis examining the roles of key political groups like the military students and business leaders The insights offered in this work are not only pertinent to understanding South Korea s political history but also offer valuable lessons for other nations struggling with the challenges of implementing stable democracy in the face of deep political and social divisions This title is part of UC Press s

Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974

Top-Down Democracy in South Korea Erik Mobrand,2019-04-19 While popular movements in South Korea rightly grab the headlines for forcing political change and holding leaders to account those movements are only part of the story of the construction and practice of democracy In *Top Down Democracy in South Korea* Erik Mobrand documents another part the elite led design and management of electoral and party institutions Even as the country left authoritarian rule behind elites have responded to freer and fairer elections by entrenching rather than abandoning exclusionary practices and forms of party organization Exploring South Korea's political development from 1945 through the end of dictatorship in the 1980s and into the twenty first century Mobrand challenges the view that the origins of the postauthoritarian political system lie in a series of popular movements that eventually undid repression He argues that we should think about democratization not as the establishment of an entirely new system but as the subtle blending of new formal rules with earlier authority structures political institutions and legitimizing norms *From Transition to Power Alternation* Carl Saxer,2013-08-21 In 1987 South Korea began a democratic transition after almost three decades of significant economic development under authoritarian rule Increased civil unrest caused by dissatisfaction resulted in the regime agreeing to constitutional changes in the summer of 1987 By 1992 the first president without a military background was elected and during his tenure a further deepening of democracy took place These reforms were instrumental in making it possible that in 1997 for the first time in South Korean history an opposition candidate was elected president This book examines the initial transition and later attempts at consolidating democracy in South Korea and argues that although significant progress had been made and a power alternation achieved by late 1997 South Korea could not by the end of that decade 1987-97 be considered a consolidated democracy *The Korean State and Social Policy* Stein Ringen,2011-05-27 Introduction the birth of the state The state meets modernity The state meets business The state meets voluntarism The state meets democracy Conclusion the anatomy of the state **Democratization and Democracy in South Korea, 1960-Present** Hyug Baeg Im,2020-08-14 This book analyses democratization and democracy in South Korea since 1960 The book starts with an analysis of the distinctive characteristics of bureaucratic authoritarianism and how democratic transition had been possible after inconclusive and protracted tug of war between authoritarian regime and democratic opposition It then goes on to explore what the opportunities and constraints to the new democracy are to be a consolidated democracy how new democracy had changed the industrial relations in the post transition period how premodern political culture such as Confucian patrimonialism and familism had obstructed democratic consolidation and the improvement of quality of democracy The author compares empirically from the perspective of a comparative political scientist political regime superiority of democracy over

authoritarianism with regard to economic development He concludes that democratic incompetence theory has been proven wrong and in South Korea democracy has performed better than authoritarian regimes in terms of economic growth with equity employment distribution of income trade balance and inflation This book will benefit political scientists development economists labor economists religious sociologists military sociologists and historians focusing on East Asian history

South Korea's Democracy in Crisis Gi-Wook Shin,2022-12-27 Like in many other states worldwide democracy is in trouble in South Korea entering a state of regression in the past decade barely thirty years after its emergence in 1987 The contributors to this volume trace the sources of illiberalism in today s Korea

Handbook on Democracy and Security Nicholas A. Seltzer,Steven L. Wilson,2023-01-06 The Handbook on Democracy and Security offers an insightful new interpretation of the topic that reframes the contemporary challenge of democracy away from competing ideologies or external existential threats and centres on the security of democracy in the minds and lived experience of its citizens

Two-track Democracy in South Korea Seongyi Yun,Söng-i Yun,2024-08-26 This book examines three ironic phenomena of South Korean democracy that have developed after its democratic transition in 1987 While the evaluation of South Korea s political system by external institutions has steadily improved people s trust in the nation s political system continues to decline However in the face of political distrust unlike in Western democracies voter turnout has increased Even though political participation and the political influence of citizens have been strengthened over time the political influence of civic organizations that fostered the initial democratization movement in the 1980s has weakened parallel to the decline in citizens confidence in these organizations Why is South Korean democracy witnessing ironic phenomena that cannot be succinctly explained by existing theories of political development or democracy This book seeks these answers within the framework of a twotrack democracy that is the interplay between institutional and contentious politics A model of democracy that combines contentious politics with formal politics can shed light on this phenomenon Yun proposed that the traditional hierarchical and elite centered political system is no longer sustainable In order to resolve the democratic deficiency perceived by citizens it is necessary to consider a new model of democracy beyond the improvement of representative democracy Moreover the new model of democracy should be based on a fusion of institutional politics and contentious politics The book will appeal to scholars and students interested in the politics of South Korea democratization and democracy more generally

South Korea's Grand Strategy Ramon Pacheco Pardo,2023-10-10 Since the end of the Cold War South Korea has taken on a greater role in global affairs Ramon Pacheco Pardo provides a groundbreaking analysis of South Korea s foreign policy from its transition to democracy in the late 1980s through the present day arguing that the country s approach to the world constitutes a grand strategy This book examines the key factors and goals that shape South Korea s long term strategy with analysis that brings together its diplomatic military economic and soft power components Pacheco Pardo shows that South Korea s fundamental aim has been to move beyond its past as a shrimp among whales and

instead attain autonomy and freedom of action He explores how South Korean leaders across parties and governments have pursued security prosperity and status Pacheco Pardo tracks South Korea's core relationships with North Korea the United States and China and he details the country's objectives and policies across East Asia the Asia Pacific region and the rest of the world Drawing on in depth interviews with past and present policy makers this book presents an analytical account of how South Korean strategy is made and practiced It expertly lays out South Korea's grand strategy and more broadly makes a compelling case that middle powers like South Korea can implement grand strategies

Routledge Handbook of Democratization in East Asia Tun-jen Cheng, Yun-han Chu, 2017-09-01 This handbook provides a comprehensive analysis of the dynamics and prospects of democratization in East Asia A team of leading experts in the field offers discussion at both the country and regional level including analysis of democratic attitudes and movements in China Japan South Korea and Taiwan Evaluating all the key components of regime evolution from citizen politics to democratic institutions the sections covered include Regional Trends and Country Overviews Institutions Elections and Political Parties Democratic Citizenship Democratic Governance The Political Economy of Democratization Examining the challenges that East Asian emerging democracies still face today as well as the prospects of the region's authoritarian regimes the Routledge Handbook of Democratization in East Asia will be useful for students and scholars of East Asian Politics Comparative Politics and Asian Studies

Democracy and an Open-Economy World Order George C. Bitros, Nicholas C. Kyriazis, 2017-04-12 The essays in this volume explore several key issues facing democracies today They discuss the dilemma of how to protect civil liberties and individual freedoms in the light of external threats and assess the policies adopted by governments in this area The book also addresses the question of how free exactly free markets should be in an economy in order to secure social peace before going on to highlight the rudiments of the model of social market economy as applied in Germany It examines the problem of the democratic and legitimacy deficits that beset European integration and suggests reforms for a more democratic European Union Last but not least by looking back in history they provide evidence and propose policies for the revitalization of institutions in present day democracies The book is of considerable interest to researchers and students in economics and political science as well as to readers who wish to gain insights into the thorny social issues involved

South Korea's Democracy Challenge Hannes B. Mosler, 2020 Thirty years have passed since in 1987 formal democratization was achieved in South Korea Since then the country has undergone the two turnover test Huntington and it overcame economic financial and political crises However social inequality is higher than before democratization social conflict has been exacerbating and political polarization has been on the rise South Korea's democracy has been going through a continuous stress test trying the polity's capacity to heal social conflict integrate society and mature politics as meeting these challenges is key to sustainable consolidation of democracy The chapters of this edited volume written by experts from South Korea and Germany in respective fields examine the way in which South Korea has coped with these challenges in its political system political

economy and political society since its transition to formal democracy and provide a focused critical assessment of three decades after democratization

Democracy and Authority in Korea Geir Helgesen, 2014-06-03 This controversial new study breaks with the tradition of basing political studies on analyses of institutions and political personalities by likening the Republic of Korea to a laboratory for the clash of political cultures In the late 1940s the Americans embarked upon a democratization programme designed to create a Western bulwark against the spread of communism in East Asia The intervening years have seen the advent and demise of military rule with South Korea now having a democratically elected government Although the US strategy thus seems successful the political crises of 1995 in fact indicate that many obstacles remain here to the adoption of Western style democracy This study argues that socialization in general and political socialization in particular are key factors in any analysis of democracy be it in Korea or elsewhere Accordingly the work draws on moral education textbooks together with surveys and interviews among members of the urban intellectual elite In this manner the psychological roots of power and authority key concepts to an understanding of good government are explored

South Korea's Rise Uk Heo, Terence Roehrig, 2014-07-03 South Korea's phenomenal rise has been studied extensively by political scientists and economists both in terms of its impact on democratisation and as a role model for economic development Yet little attention has been devoted to exploring the nexus between economic development and foreign policy In *South Korea's Rise* Uk Heo and Terence Roehrig propose a new theoretical framework to illustrate how an increase in a country's economic prosperity can bring about change to its foreign policy prompting greater involvement in the international system the transition to democracy an expanded set of interests and increased tools to pursue its foreign policy goals As a rising middle power analysis of South Korea's foreign policy is crucial to our understanding of the power structure and future relations in East Asia This is essential reading for all students and scholars with an interest in Asia foreign policy and global economics

South Korean Social Movements Gi-Wook Shin, Paul Chang, 2011-06-01 This book explores the evolution of social movements in South Korea by focusing on how they have become institutionalized and diffused in the democratic period The contributors explore the transformation of Korean social movements from the democracy campaigns of the 1970s and 1980s to the rise of civil society struggles after 1987 South Korea was ruled by successive authoritarian regimes from 1948 to 1987 when the government decided to re-establish direct presidential elections The book contends that the transition to a democratic government was motivated in part by the pressure from social movement groups that fought the state to bring about such democracy After the transition however the movement groups found themselves in a qualitatively different political context which in turn galvanized the evolution of the social movement sector Including an impressive array of case studies ranging from the women's movement to environmental NGOs and from cultural production to law the contributors to this book enrich our understanding of the democratization process in Korea and show that the social movement sector remains an important player in Korean politics today This book will appeal

to students and scholars of Korean studies Asian politics political history and social movements

Nation Building in South Korea Gregg A. Brazinsky, 2009-11-20 In this ambitious and innovative study Gregg Brazinsky examines American nation building in South Korea during the Cold War Marshaling a vast array of new American and Korean sources he explains why South Korea was one of the few postcolonial nations that achieved rapid economic development and democratization by the end of the twentieth century Brazinsky contends that a distinctive combination of American initiatives and Korean agency enabled South Korea's stunning transformation On one hand Americans supported the emergence of a developmental autocracy that spurred economic growth in a highly authoritarian manner On the other hand Americans sought to encourage democratization from the bottom up by fashioning new institutions and promoting a dialogue about modernization and development Expanding the framework of traditional diplomatic history Brazinsky examines not only state to state relations but also the social and cultural interactions between Americans and South Koreans He shows how Koreans adapted resisted and transformed American influence and promoted socioeconomic change that suited their own aspirations Ultimately Brazinsky argues Koreans capacity to tailor American institutions and ideas to their own purposes was the most important factor in the making of a democratic South Korea

The Experience of Democracy and Bureaucracy in South Korea Evan Berman, 2017-10-12 This title explores ways in which bureaucracy may not only be compatible with democracy but more ambitiously the conditions under which it can enhance it examining the systems and institutions of the Korean bureaucracy the National Election Commission the police force local government the ceiling recruitment strategy and procurement policy

Korean Society Charles Armstrong, 2006-11-22 While most analyses of Korean politics have looked to elites to explain political change this new and revised edition of *Korean Society* examines the role of ordinary people in this dramatic transformation Taking the innovative theme of civil society voluntary organizations outside the role of the state which have participated in the process of political and social democratization the essays collected here examine Korea as one of the most dramatic cases in the world of ordinary citizens participating in the transformation of politics Key topics discussed include comparisons of Korean democratization to the experiences of post authoritarian regimes elsewhere in the world comparisons of the theory of civil society as developed in Western Europe and America the legacy of Korea's Confucian past for contemporary politics and society close examinations of various civil society movements South Korea and North Korea Conceptually innovative up to date and timely the new edition of this book will be an invaluable resource for students of contemporary Korea Asian politics and the global struggle for democracy

Democracy In South Korea Introduction

In today's digital age, the availability of Democracy In South Korea books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Democracy In South Korea books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Democracy In South Korea books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Democracy In South Korea versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Democracy In South Korea books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Democracy In South Korea books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Democracy In South Korea books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Democracy In South Korea books and manuals for download have transformed the way

we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Democracy In South Korea books and manuals for download and embark on your journey of knowledge?

FAQs About Democracy In South Korea Books

1. Where can I buy Democracy In South Korea books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Democracy In South Korea book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
