Creating Democratic Classrooms for a Democratic Society Laura Grow, 1998 Democratic classrooms involve students in their education and challenge the learned apathy that takes place in our schools

and society This case study research identifies methods for effectively implementing a democratic middle school classroom designed to empower students Interpretations are based on observations interviews with students and teachers and relevant documents from three middle school classrooms in which the teachers identified creating a democratic classroom as a main goal Although observations were limited to the first few months of the school year interviews with students in these multi age classrooms provided feedback regarding the democratic processes throughout an entire school year Themes that emerged from these classrooms included student ownership teacher influence thematic issues oriented curriculum authentic connections and supportive school contexts Within each theme this research presents teachers with practical methods in which to create a democratic classroom and thereby develop democratic dispositions in students

Creating Democratic Classrooms Landon E. Beyer,1996 Contributors both new and veteran teachers weigh the possibilities for making classrooms more responsive to the need for social justice critical consciousness and democratic values These teachers reveal the successes and failures rewards and frustrations that are involved in pursuing democratic forms of classroom life Providing a critical and incisive complement is Editor Landon Beyer s analysis of the teacher education programs from which these teachers graduated and the political and ideological contexts in which these programs are invariably located

Classroom Discipline Cari Mauldin,2002 Teaching Democracy by Being Democratic Ted Becker,Richard A. Couto,1996-10-30 The best way to teach democracy has been the subject of an ongoing debate for 2 500 years Unlike most books about teaching democracy this one spends more time on how to teach democracy than the what and why of teaching democracy It punctures the irony of teaching democracy by lectures and superior teachers In its place this book provides a variety of illustrations for the teaching of democracy in an experiential and egalitarian fashion The introduction presents a theoretical and analytical framework of democracy and democratic pedagogy The six chapters cover topics such as structuring a democratic classroom democratic practices that empower students problem solving and community service that make the classroom a laboratory for democracy and university based programs of democratic alternatives that serve the community The volume s treatment of community organization students as collaborators personal empowerment the community of need and response and the democratic organization expresses its preference for direct democratic participation

The Political Classroom Diana E. Hess,Paula McAvoy,2014-11-13 WINNER 2016 Grawemeyer Award in Education Helping students develop their ability to deliberate political questions is an essential component of democratic education but introducing political issues into the classroom is pedagogically challenging and raises ethical dilemmas for teachers Diana E Hess and Paula McAvoy argue that teachers will make better professional judgments about these issues if they aim toward creating political classrooms which engage students in deliberations about questions that ask How should we live together Based on the findings from a large mixed method study about discussions of political issues within high school classrooms The Political Classroom presents in depth and engaging cases of teacher practice Paying particular

attention to how political polarization and social inequality affect classroom dynamics Hess and McAvoy promote a coherent plan for providing students with a nonpartisan political education and for improving the quality of classroom deliberations

Classroom Discussions Turid Skarre Aaseb,2017 Are students offered possibilities to experience democratic practice in classrooms Using an analysis of empirical data from classroom discussions in lower secondary school this article identifies and explores two different types of classroom discussions which give students different positions a conversation in which students are positioned as poll respondents and a more deliberative conversation which positions students as learning debaters The two forms of classroom discussions are discussed due to the way they give different meaning to democracy and due to whether the student positions in the classrooms imply contribution to the subject matter and what is considered valuable knowledge in school

Children and Their World David A. Welton,John T. Mallan,1999 Designed for preservice teachers this text consolidates social studies content into a framework for practical instruction and lesson planning It places social studies in a thoroughly modern context and explores how such factors as language diversity and standards at the local state and national level affect teachers The text retains its hallmark features such as model unit lessons teacher tested activities technology updates and authentic children s work and the Resource Handbook serves as a valuable tool for on the job use The emphasis on current topics includes coverage of constructivist learning cooperative learning service learning character education and the teaching of children with limited English proficiency Specific examples from the NCSS help students connect standards to the model lessons and activities presented in the text
