Dimensions Of Sight Singing:

Dimensions of Sight Singing Paul Cooper,1981-01 **Dimensions of Sight Singing** Paul Cooper,1981 Consists of two parts spanning seventeen centuries of musical practice and offering representative samples of both art music and folk music for the unaccompanied and accompanied voice Original language texts have been included along with English translations or synopses organization and purpose A Study of the Group Method of Measurement of Sight-singing Raymond Mylar Mosher,1925 **Teaching Approaches in Music Theory** Michael R. Rogers,2004 Drawing on decades of teaching experience and the collective wisdom of dozens of the most creative theorists in the country Michael R Rogers s diverse survey of music theory one of the first to comprehensively survey and evaluate the teaching styles techniques and materials used in theory courses is a unique reference and research tool for teachers theorists secondary and postsecondary students and for private study This revised edition of Teaching Approaches in Music Theory An Overview of Pedagogical Philosophies features an extensive updated bibliography encompassing the years since the volume was first published in 1984 In a new preface to this edition Rogers references advancements in the field over the past two decades from the appearance of the first scholarly journal devoted entirely to aspects of music theory education to the emergence of electronic advances and devices that will provide a supporting if not central role in the teaching of music theory in the foreseeable future With the updated information the text continues to provide an excellent starting point for the study of music theory pedagogy Rogers has organized the book very much like a sonata Part one Background delineates principal ideas and themes acquaints readers with the author s views of contemporary musical theory and includes an orientation to an eclectic range of philosophical thinking on the subject part two Thinking and Listening develops these ideas in the specific areas of mindtraining and analysis including a chapter on ear training and part three Achieving Teaching Success recapitulates main points in alternate contexts and surroundings and discusses how they can be applied to teaching and the evaluation of design and curriculum Teaching Approaches in Music Theory emphasizes thoughtful examination and critique of the underlying and often tacit assumptions behind textbooks materials and technologies Consistently combining general methods with specific examples and both philosophical and practical reasoning Rogers compares and contrasts pairs of concepts and teaching approaches some mutually exclusive and some overlapping The volume is enhanced by extensive suggested reading lists for each chapter **A Study of the Group Method of Measurement of Sight-singing** Raymond Mylar Mosher,1972

Individual Sight-singing Success David Brett Nolker,2001 This study was designed to investigate the relationship of assessment setting to sight singing success of the individual student in relation to a past ensemble sight singing ratings b school size and c a group of selected background factors An assessment strategy was used measuring pitch accuracy and rhythm accuracy individually through audiotaped performance both a in an isolated setting and b in a setting patterned after the adjudicated music festival experience Subjects for the study were members of eight Illinois high school choirs N 220 who

had participated in the sight singing portion of IHSA large ensemble festival at least two years The ensembles were chosen by consistency of festival sight singing ratings 4 had received I ratings 4 had not and by school size as indicated by IHSA classification The results revealed significant difference between the act of sight singing in isolation and sight singing within the ensemble with significantly higher mean scores for the within ensemble setting No statistically significant difference was found for previous festival sight singing ratings or school size and no interaction was found between test setting and previous rating or school size Musical background factors found to influence sight singing ability were a instrumental experience both in ensembles and individually b considering one s self able to play the piano c private instrumental lessons both for piano and other instruments and d years of choir experience Results indicated a significant negative relationship between years of choral experience and sightsinging across testing conditions Additionally the within ensemble testing procedure was determined to be a reliable testing method for gathering information on the individual student while within the ensemble
