**Program Evaluation of the Direct Instruction Reading Interventions** Nita M. Jarvis, 2016 The purpose of this program evaluation was to evaluate the Direct Instruction programs Reading Mastery and Corrective Reading from SRA McGraw Hill Publishing Company which were being used as a school wide reading intervention These programs were implemented at a small elementary school in the piedmont area of North Carolina beginning in the 2012 2013 school year This elementary school had not been able to meet state mandated reading proficiency requirements for more than 10 years and hoped the Direct Instruction reading program intervention would improve student reading proficiency scores as evidenced by end of grade test scores in reading and Diagnostic Reading Assessments The CIPP Context Input Process Product Model was used as the evaluation tool for this program evaluation Research questions were related to the Context of the problem for which the program was addressing the Input or resources available to address the problem and any strategies that had been tried the Process or implementation of the program and the Product or outcomes of the program This program evaluation was made available to the elementary school s administrators to use in determining the effectiveness of the reading interventions on their students reading abilities Information from the evaluation could be used to make decisions regarding the continuation of the program or the consideration of changes within the program s implementation Other elementary school administrators who may be considering the use of Reading Mastery Corrective Reading or other programs within their own schools may also use results from this study to determine appropriate implementation practices and whether or not these particular programs may be effective in their schools

**International Encyclopedia of Education** ,2009-04-17 The field of education has experienced extraordinary technological societal and institutional change in recent years making it one of the most fascinating yet complex fields of study in social science Unequaled in its combination of authoritative scholarship and

comprehensive coverage International Encyclopedia of Education Third Edition succeeds two highly successful previous editions 1985 1994 in aiming to encapsulate research in this vibrant field for the twenty first century reader Under development for five years this work encompasses over 1 000 articles across 24 individual areas of coverage and is expected to become the dominant resource in the field Education is a multidisciplinary and international field drawing on a wide range of social sciences and humanities disciplines and this new edition comprehensively matches this diversity The diverse background and multidisciplinary subject coverage of the Editorial Board ensure a balanced and objective academic framework with 1 500 contributors representing over 100 countries capturing a complete portrait of this evolving field A totally new work revamped with a wholly new editorial board structure and brand new list of meta sections and articles Developed by an international panel of editors and authors drawn from senior academia Web enhanced with supplementary multimedia audio and video files hotlinked to relevant references and sources for further study Incorporates ca 1 350 articles with timely coverage of such topics as technology and learning demography and social change globalization and adult learning to name a few Offers two content delivery options print and online the latter of which provides anytime anywhere access for multiple users and superior search functionality via ScienceDirect as well as multimedia content including audio and video files

**Teaching Struggling and At-risk Readers** Douglas Carnine,2006 Teaching Struggling and At Risk Readers A Direct Instruction Approach is designed to provide specific information to assist educators in being effective teachers of reading with all of their students This three part book provides information on incorporating instructional design and delivery principles into daily instruction for students at the beginning and primary stages of reading It discusses Structuring initial teaching procedures so teaching presentations are clear and foster a high degree of interaction between teachers and students Using language and demonstration techniques that can be understood by all students Sequencing the instruction of reading content to ensure essential skills and knowledge are taught in an aligned and coherent manner Using techniques that provide adequate practice and review for students in developing high levels of fluency and accuracy

Circular ,1922 **Literacy** James David Cooper,Nancy D.
