Carnegie Series on Egypt Carnegie Museum of Natural History, Silhouette, 1990-02-01 **The Carnegie Series on Egypt**, **"The" Carnegie series on Egypt**, **Carnegie Series on Egypt**, The Mubarak Leadership and Future of Democracy in Egypt A. Arafat, 2009-05-11 As Mubarak's regime nearing its end becomes a strong possibility many pressures both foreign and domestic are coming to bear on Egypt to bring democratic reforms to this struggling country In The Mubarak Leadership and Future of Democracy in Egypt Alaa Al Din Arafat studies this new era and the obstacles that must be overcome Journal of the American Research Center in Egypt American Research Center in Egypt, 1992

Encyclopedia of African History Kevin Shillington, 2005 Offers more than one thousand entries covering all aspects of African history civilization and culture The Rise of Islamism in Egypt Alaa Al-Din Arafat, 2017-08-11 This book provides an overview of the sudden ascendancy of Islamism in post Mubarak Egypt and a detailed history of the power grab by the Muslim Brotherhood The author argues that liberals and Copts are minor factions and that the Islamists the military and couch party non politically affiliated Egyptians are the true key actors in Egyptian politics Additionally it is posited that ironically Mubarak's coup proofing strategy was responsible for the military turning against him The strained civil military relations in Egypt are examined as are the ideological development of the MB Salafist and jihadist groups and the power struggle between the Islamists and the military **Encyclopedia of African History 3-Volume Set** Kevin Shillington, 2013-07-04 Covering the entire continent from Morocco Libya and Egypt in the north to the Cape of Good Hope in the south and the surrounding islands from Cape Verde in the west to Madagascar Mauritius and Seychelles in the east the Encyclopedia of African History is a new A Z reference resource on the history of the entire African continent With entries ranging from the earliest evolution of human beings in Africa to the beginning of the twenty first century this comprehensive three volume Encyclopedia is the first reference of this scale and scope Also includes 99 maps Egypt and the rise of fluid authoritarianism Maria Gloria Polimeno, 2024-12-10 Egypt and the rise of fluid authoritarianism focuses on the sub upgrade of the regime in Egypt and the struggle of political authorities for internal political legitimacy after 2013 It is an interdisciplinary work that develops a complex theoretical framework for exploring the microstructural and macrosystemic dynamics of leadership power political ecology and the process of authority formation in illiberal systems that have undergone subsystemic transformations after shockwaves also beyond Egypt The book offers a complex groundbreaking socio political and economic analysis of how the forging of an internal claim to political legitimacy in Egypt eventually transformed the regime along the authoritarian spectrum morphing into a fluid autocracy that approximates what the book defines as a non exclusivist personalist regime thereby fragmenting elites In the second part the book offers an economic analysis in which legitimacy and political ecology are closely intertwined In this regard the Social Development Goals are employed as a prism Annual Egyptological Bibliography, 1994 **Egyptian Foreign Relations Under al-Sisi** Christian

Achrainer,2022-09-28 Considering both changes and continuities this book examines how why and along which lines Egypt's external alignments under the al Sisi regime emerged and developed Egypt's foreign relations have changed substantially since the current regime took power in 2013 To assess this the author develops and applies a unique analytical approach the model of two staged alignment formation In the first stage domestic threats to the Egyptian regime's survival determined specific needs the regime tried to meet by approaching external partners In the second stage characteristics of the global and regional environments defined opportunities and constraints and therefore the regime's options and logical choices In sum the interplay of developments on the domestic regional and global levels resulted in a diversification of Egypt's external alignments with China and Russia joining the EU and the US as Egypt's main global partners and Saudi Arabia and the United Arab Emirates emerging as the regime's prime regional partners Explaining the emerging alignment patterns from 2013 until 2017 this book aids understanding of the complexity of alignment formation and of Egyptian external relations in that critical period of time This book will be of high interest to researchers and students working on Egyptian foreign relations on relations between states and on regional dynamics in the West Asia and North Africa WANA region It is also valuable for practitioners because it helps to understand an issue of high relevance for foreign policy making *The International Dimensions of Democratization in Egypt* Gamal M. Selim,2015-06-29 This book purports to examine the international dimensions of the democratization process in Egypt in the post Cold War era a theme which acquired significance at the academic and policy oriented levels in light of the growing internationalization of reform arrangements in the Arab world in post 9 11 and the greater involvement of external powers in Arab politics following the Arab Spring uprisings During the second half of the twentieth century the mainstream scholarship presented the democratization process as the outcome of domestic conditions not significantly influenced by actors outside the nation state With the end of the Cold War this perspective was challenged as a result of the third wave of democratization and the subsequent growth of the good governance discourse on the agenda of the international development establishment The new perspective attached a more significant role to external factors in the democratization process than was originally conceptualized **Monthly Bulletin.
