Poyner IV,2017-05-03 From Seattle s earliest days as a Gold Rush boomtown to its celebration of the future during the 1962 World s Fair local artists have created public art installations statuary reliefs and other sculpture that have become familiar features of the city s landscape This comprehensive study of 12 Seattle sculptors and their works examines the motivations of the artists and their benefactors the development of the city s public art policy and the political forces behind the pieces that are now part of the city s rich history Biographical details and historical perspective are provided for such artists as Lorado Taft Alice Robertson Carr John Carl Ely Max P Nielsen August Werner and James FitzGerald **The Early Modern Italian Domestic Interior, 1400-1700** Erin J. Campbell,Stephanie R. Miller,Elizabeth Carroll Consavari,2016-03-23 Emphasizing on the one

hand the reconstruction of the material culture of specific residences and on the other the way in which particular domestic objects reflect shape and mediate family values and relationships within the home this volume offers a distinct contribution to research on the early modern Italian domestic interior Though the essays mainly take an art historical approach the book is interdisciplinary in that it considers the social implications of domestic objects for family members of different genders age and rank as well as for visitors to the home By adopting a broad chronological framework that encompasses both Renaissance and Baroque Italy and by expanding the regional scope beyond Florence and Venice to include domestic interiors from less studied centers such as Urbino Ferrara and Bologna this collection offers genuinely new perspectives on the home in early modern Italy *Women Artists News* ,1988 **Carol Ross** Carol Ross (M.A.),2003 **Bulletin of the Museum of Art** Rhode Island School of Design.
