

SKILL PRACTICE 1

Read the following paragraphs and identify the method of paragraph development used in each. Explain why you think so by pointing out clue words.

- a. Kennedy Middle School is a unique place to learn. Filled with an assortment of rooms, a variety of teachers, and many organizations, the school provides many opportunities to learn. More than 60 faculty members comprise the diverse staff of our school. Organizations such as the 8th grade basketball team, student council, the drama club, ELNA, and the weather service help make our school a place loaded with opportunities. While the building itself is old – it was built in 1965 – it has many updates, including a new library, a new office, several computer labs, and a slightly refurbished auditorium. The outside looks just as interesting as the inside, complete with flowers, trees, and a variety of woods outlining the school. Without a doubt, Kennedy Middle School is a fun, exciting, and unique place to go to school. – *Mr. Forest's Paragraph Page*
- b. Stephen King is one of the world's most famous writers. He has sold more books than any other American writer. His most popular works are horror, or scary, stories. But it isn't only his books that are popular. People all over the world line up to see the movies made from his books like *Carrie*, *The Shining*, and *The Dead Zone*.
- c. The Maya believed in time and numbers. They had a great knowledge of mathematics. They invented a number system that used only three symbols, and they invented zero. What would mathematics be without zero? They also made a calendar 2,600 years ago that was very accurate. It had 365 days in a year. There were three kinds of days in this calendar: good, bad, and neutral. People did important things on good or neutral days. They went on a journey, got married, or planted corn only on a good day. Time had a beginning and an end, too. They believe the world was going to end in 2010. – *What a World*
- d. One day in 1885, a doctor brought a nine-year-old boy named Joseph Meister to Pasteur. A mad dog with the disease rabies bit the boy, and the doctor didn't know how to save him. In the past, Pasteur saved animals with this disease, but would this method work on humans, or would the boy die? Pasteur was very worried, but finally he tried an experiment. He injected Joseph with his vaccine and sat by his bed to watch the result. The boy lived! Immediately the news spread around the world, and Pasteur was famous. – *What a World*
