Case For Women In Medieval Culture

Jiyuan Zhang

Case For Women In Medieval Culture:

The Case for Women in Medieval Culture Alcuin Blamires, 1997 Misogyny is of course not the whole story of medieval discourse on women medieval culture also envisaged a case for women But hitherto studies of profeminine attitudes in that periods culture have tended to concentrate on courtly literature or on female visionary writings or on attempts to transcend misogyny by major authors such as Christine de Pizan and Chaucer This book sets out to demonstrate something different that there existed from early in the Middle Ages a corpus of substantial traditions in defence of women on which the more familiar authors drew and that this corpus itself consolidated strands of profeminine thought that had been present as far back as the patristic literature of the fourth century The Case for Women surveys extant writings formally defending women in the Middle Ages breaks new ground by identifying a source for profeminine argument in biblical apocrypha offers a series of explorations of the background and circulation of central arguments on behalf of women and seeks to situate relevant texts by Christine de Pizan Chaucer Abelard and Hrotsvitha in relation to these arguments Topics covered range from the privileges of women and pro Eve polemic to the social and moral strengths attributed to women and to the powerful models frequently disruptive of patriarchal complacency presented by Old and New Testament women The contribution made by these emphases which are not to be confused with feminism in a modern sense to medieval constructions of gender is throughout critically assessed and the book concludes by asking how far defenders were controlled by or able to query assumptions about what was natural and therefore imagined inflexible in gender theory

Women in Medieval Western European Culture Linda E. Mitchell, 2012-11-12 This is the book that teachers of courses on women in the Middle Ages have been wanting to write or see written for years Essays written by specialists in their respective fields cover a range of topics unmatched in depth and breadth by any other introductory text Depictions of women in literature and art women in the medieval urban landscape and the issue of women's relation to definitions of deviance and otherness all receive particular attention Geographical regions such as the Byzantine Empire and the Islamic Near East are fully incorporated into the text expanding the horizons of medieval studies The collection is organized thematically and includes all the tools needed to contextualize women in medieval society and culture

Gender in Medieval Culture Michelle M. Sauer, 2015-09-24 Gender in Medieval Culture provides a detailed examination of medieval society's views on both gender and sexuality and shows how they are inextricably linked Sex roles were clearly defined in the medieval world although there were exceptions to the rules and this book examines both the commonplace world view and the exceptions to it The volume looks not only at the social and economic considerations of gender but also the religious and legal implications arguing that both ecclesiastical and secular laws governed behaviour The book covers key topics including femininity and masculinity and how medieval society constructed these terms sexuality and sex transgressive sexualities such as homosexuality adultery and chastity and the gendered body of Christ including the idea of Jesus as mother and affective spirituality Using a clear chapter structure

for easy navigation and categorisation as well as a glossary of terms the book will be a vital resource for students of medieval history

(Re)Constructing Cultures of Violence and Peace, 2021-11-22 *Re Constructing Cultures of Violence and Peace* brings together eleven original essays that were presented at the Third Global Conference on Cultures of Violence held in August 2002 in Prague Covering an array of violence related subjects and a range of methodologies textual historical theoretical quantitative the resulting volume is a multifaceted exploration of how cultures of violence are constructed and how they can be deconstructed and replaced with cultures of peace In part one the authors aim to map and describe some of the important cultures of violence in our modern world interstate war civil war criminal punishment religious conflict hooliganism as an initial step towards understanding violence as a cultural construction Part two explores aspects of the reconstruction of culture of peace Specifically the challenges encountered in attempting to conceptualise study or transform cultures of violence are examined A common theme throughout the book is that violence is a fluid social and cultural construct it is made by individuals groups and social forces The implications of this are more than simply ontological if violence is made it can also be unmade if cultures of violence are socially and politically constructed they can also be deconstructed

A Companion to the Medieval World Carol Lansing, Edward D. English, 2012-10-11 Drawing on the expertise of 26 distinguished scholars this important volume covers the major issues in the study of medieval Europe highlighting the significant impact the time period had on cultural forms and institutions central to European identity Examines changing approaches to the study of medieval Europe its periodization and central themes Includes coverage of important questions such as identity and the self sexuality and gender emotionality and ethnicity as well as more traditional topics such as economic and demographic expansion kingship and the rise of the West Explores Europe's understanding of the wider world to place the study of the medieval society in a global context

Women as Sites of Culture Susan Shifrin, 2002 Exploring the ways in which women have formed and defined expressions of culture in a range of geographical political and historical settings this collection of essays examines women's figurative and literal roles as sites of culture from the 16th century to the present day The diversity of chronological geographical and cultural subjects investigated by the contributors from the 16th century to the 20th from Renaissance Italy to Puritan Boston to the Polish Lithuanian Commonwealth to post war Japan from parliamentary politics to the politics of representation provides a range of historical outlooks The collection brings an unusual variety of methodological approaches to the project of discovering intersections among women's studies literary studies cultural studies history and art history and expands beyond the Anglo and Eurocentric focus often found in other works in the field The volume presents an in depth investigative study of a tightly constructed set of crucial themes including that of the female body as a governing trope in political and cultural discourses the roles played by women and notions of womanhood in redefining traditions of ceremony theatricality and spectacle women's iconographies and personal spaces as resources that have shaped cultural transactions and evolutions and finally women's voices speaking and writing both as

authors of cultural record and destiny Throughout the volume the themes are refracted chronologically geographically and disciplinarily as a means to deeper understanding of their content and contexts Women as Sites of Culture represents a productive collaboration of historians from various disciplines in coherently addressing issues revolving around the roles of gender text and image in a range of cultures and periods

Studies in the Age of Chaucer, 1999 Female-Voice Song and Women's Musical Agency in the Middle Ages, 2022-08-22 This collection of seventeen essays newly identifies contributions to musical culture made by women before 1500 across Europe You will learn about repertoire from such diverse locations as Iceland Spain and Italy and encounter examples of musicianship from the gender fluid professional musicians at the Islamicate courts of Syria to the nuns of Barking Abbey in England The book shows that women drove musical patronage dissemination composition and performance including within secular and ecclesiastical contexts and also reflects on the reception of medieval women's musical agency by both medieval poets and by modern recording artists Contributors are David Catalunya Lisa Colton Helen Dell Annemari Ferreira Rachel Golden Gillian L Gower Anna Kathryn Grau Carissa M Harris Louise McInnes Lisa Nielson Lauren Purcell Joiner Megan Quinlan Leah Stuttard Claire Taylor Jones Melissa Tu Angelica Vomera and Anne Bagnall Yardley

Selected Philosophical and Scientific Writings marquise Gabrielle Emilie Le Tonnelier de Breteuil Du Châtelet, 2009-09 Emilie Du Châtelet was an accomplished scientific and philosophical writer whose contribution to French intellectual life in the first half of the 18th century has long been obscured by her association with Voltaire This volume of her writings will help re-establish a reputation that has long been overshadowed

Feminist Periodicals, 1999 **New Literature on Women**, 1997 Medieval Harold Victor Routh, 1927 **Who Is Mary?** Susan Haskins, 2008 For women of the Italian Renaissance the Virgin Mary was a role model of the very first importance This volume presents devotional works written by three women better known for their secular writings

The Chaucer Review, 2010 *The British National Bibliography* Arthur James Wells, 2003 *Historical Reflections*, 2006 *The Expository Times* James Hastings, Ann Wilson Hastings, Edward Hastings, 1922

Courts, Elites, and Gendered Power in the Early Middle Ages Janet Laughland Nelson, 2007 A major theme in the present volume of articles by Janet Nelson is the usefulness of gender as a category of historical analysis Some papers range more widely across early medieval time and geographical as well as social space but most focus on the Carolingian period and on royalty and elites The workings of dynastic political power are viewed in social as well as political context and the author explores the realities of gendered power which while constraining women gave them distinctive possibilities for agency These papers offer new perspectives on the Carolingian world in general and on Charlemagne's reign in particular

International Medieval Bibliography, 2000 *Reading the Middle Ages* Theodore L. Steinberg, 2003-06-12 This introduction to medieval literature provides some of the background context which is essential to understanding the written works of the period
