Pulignano, Markieta Domecka, 2025-01-11 *The Politics of Unpaid Labour* introduces the theory of the politics of unpaid labour to advance understanding of inequality within the context of precarious work. It understands unpaid labour as the time and effort people invest to undertake tasks which relate to the work implicitly or explicitly assigned to them but for which they are not paid. The book establishes a crucial link between unpaid labour's political dimensions and its role in fuelling emerging forms of precarious work characterized by persistent inequalities in a context of labour market reforms, societal shifts and technological changes and it reveals how these seemingly disparate elements intertwine connecting the intricate dynamics of the social system's micro level components to larger macro level structural patterns. Comparing working conditions in creative dance, residential care and online freelancing in the Netherlands, Sweden, the United Kingdom, Germany, Belgium, France, Italy and Poland, the book's empirical section is based on a wide range of biographical interviews and work diaries. In addition to introducing the major themes, theories and thinkers of inequality and precarious work within the tradition of work employment and economic studies in sociology and the political economy, the theoretical section advances the current discussion on how unpaid labour contributes to inequality in precarious work in three ways. First, it establishes the characteristics differentiating employment from self employment and how these lead to a revised definition of unpaid labour. Second, it illustrates that unpaid labour is both shaped by class and serves to reproduce class interests, revealing ongoing changes in welfare, employment and state institutional policies. Third, it considers the necessity to establish conditions within the labour market conducive to genuinely cultivating and honouring the diversity of human capabilities and actions within labour structures and promoting their manifestation. Dominate Upwork James Oliver, 2019-11 Do you want to make more money on Upwork The world's biggest freelancing platform is full of opportunity to make 1 000s each month in a huge variety of fields So why do most Upworkers not make any money Because they do it all wrong I know this because I used to be one of them My profile was full of mistakes I would bid on 30 jobs and win none of them and I never received a single job invite in my first 2 years on the site

Fast forward to now I've bid and won countless jobs and have enough repeat business and private job invites where I rarely have to apply to public jobs anymore. In this guide I lay out the steps that I took to go from making \$4 a month to making enough money to quit my corporate job and live full time off my Upwork earnings. Unlike other books which are full of outdated advice and still refer to Upwork as oDesk and eLance, this book is fully updated for 2017. You'll learn how to get 50-100x more profile views than the average Upwork freelancer, how to write job proposals that get you chosen ahead of 50 other candidates, how to spot bad clients and avoid wasting your time bidding on their jobs, the hidden advantage of being Top Rated that Upwork doesn't tell you about, how I turned a \$220 job into \$9,000 worth of recurring work, all for the price of a latte. If you want to uncover a smarter and more efficient way to become a highly paid Upwork freelancer, then this is the book for you. Remember, if you win just one \$5 job after purchasing this guide, you've already made a positive return on your investment. Buy now to start making more money on Upwork today.
