Decolonising Imperial Heroes Max Jones, Berny Sèbe, Bertrand Taithe, Peter Yeandle, 2017-10-02 The heroes of the British and French empires stood at the vanguard of the vibrant cultures of imperialism that emerged in Europe in the second half of the nineteenth century Their stories are well known Scholars have tended to assume that figures such as Livingstone and Gordon or Marchand and Brazza vanished rapidly at the end of empire Yet imperial heroes did not disappear after 1945 as British and French flags were lowered around the world On the contrary their reputations underwent a variety of metamorphoses in both the former metropolises and the former colonies This book develops a framework to understand the complex legacies of decolonisation both political and cultural through the case study of imperial heroes We demonstrate that the decolonisation of imperial heroes was a much more complex and protracted process than the political retreat from empire and that it is still an ongoing phenomenon even half a century after the world has ceased to be painted in red Whilst Decolonising Imperial Heroes explores the appeal of the explorers humanitarians and missionaries whose stories could be told without reference to violence against colonized peoples it also analyses the persistence of imperial heroes as sites of

political dispute in the former metropolises Demonstrating that the work of remembrance was increasingly carried out by diverse fragmented groups of non state actors in a process we call the privatisation of heroes the book reveals the surprising rejuvenation of imperial heroes in former colonies both in nation building narratives and as heritage sites This book was originally published as a special issue of the Journal of Imperial and Commonwealth History Carnets d'Afrique Miquel Barceló,2003 Le d sir d ailleurs la n cessit de s installer au c ur des paysages et des cultures les plus divers semblent essentiels la vie autant qu l art de Miquel Barcelo Consid r aujourd hui comme un des artistes les plus importants de son poque il entame une trajectoire fulgurante dans les ann es soixante dix en quittant l le de Majorque pour Barcelone Paris Naples Rome ou New York Il d couvre l Afrique en 1988 parcourant le Mali le S n gal et le Burkina Faso elle devient avec Paris et Majorque un des lieux fondamentaux de sa cr ation et le but de s jours fr quents Gao S gou Gogoh au pays dogon lieux o la vie n a par la force des choses et des l ments rien d ordinaire lieux de retraite c est dire de confrontation avec soi m me comme avec le monde C est que l affrontement est au c ur de la peinture de Barcelo r alit qu il faut v ritablement arracher disputer au d sordre de la vie la r sistance des mat riaux la luxuriance aussi fascinante que redoutable de la nature C est le r cit ou le livre de raison de cette exp rience que Barcelo donne ici pour la premi re fois dans son int gralit Le d sir la lecture les maladies et les blessures physiques les doutes les risques les affres et les quelques moments de certitude ou d enthousiasme de la cr ation en sont la mati re Voici donc des carnets crits le dos tourn au vent ou m me le sol de terre battue les pages voil es de sable ou d vor es par les termites l encre et la couleur s ch es par la chaleur asphyxiante Ils offrent avec une intransigeance et une lucidit remarquables la relation d une travers e o l uvre est l expression presque organique de la vie dans les tourbillons d une poussi re venue du d sert et un paysage o la lumi re m me semble devenue tangible **The Ecclesiastical Review** ,1921 **American Ecclesiastical Review** Herman Joseph Heuser,1921 **Tropical Dream Palaces** Odile Goerg,2020-02-01 Many studies focus on film in Africa Few however study cinema as a leisure activity one that has influenced several generations and opened up spaces to dream discuss or contest Movie theatres offered a break from the daily routine as places of escape and of education Cinema was also potentially subversive offering an alternative to colonial discourse Tropical Dream Palaces seeks to trace this history in a West African context of broadening horizons on the one hand and of censorship and control on the other It fills a historiographic void following cinema s arrival in the region in the early twentieth century up until the Independence era and also looking further afield to Central Africa and its different models Goerg addresses questions of film distribution in colonial times of screening venues their implantation spread and different categories while also focusing on audiences their gender or age the acquisition of a film culture and the impact of screening foreign images Her book draws on extremely varied sources to paint a broad picture of this cinematographic landscape archives the accounts of African and European spectators or administrators novels autobiographies the local press interviews and iconography Educational Studies and Documents Unesco,1956 Experiments in Fundamental
