**Judging War Crimes and Torture** Yves Beigbeder, 2006-09-01 This volume shows that even democratic countries like France but not France alone can commit war crimes crimes against humanity and even be accomplices in genocides However past crimes must be recalled and exposed particularly if they have been hidden covered by amnesties and not judicially punished They must be visible as part of a country s history in order to ensure that they are not repeated **Revivalism and Social Christianity** Christophe Chalamet, 2013-01-16 How does one become a Righteous among the Nations In the case of Henri Nick 1868 1954 and Andre Trocme 1901 1971 two French Protestant pastors on whom that title was conferred by Yad Vashem Jerusalem for their acts of solidarity toward persecuted Jews the answer seems to be by being immersed from an early age in the discourses and practices of social Christianity By focusing on the lives of two significant figures of twentieth century Christianity this study the first in English on the Social Gospel in French Protestantism presents a genealogy of that movement from its emergence in the last decades of the nineteenth century to its high point during World War II in Le Chambon sur Lignon where Trocme and many people of that area of southern France rescued hundreds of Jewish refugees As social Christians who prayed and worked for the coming of God s kingdom on earth in the midst of a world torn by two world wars Henri Nick and Andre Trocme combined a deep revivalist faith with a concern for the concrete conditions in which people live They wished to save others and indeed they realized that intent in ways they did not foresee Propaganda and Persecution Renée Poznanski, 2024-01-23 Ren e Poznanski s magisterial history of the French Resistance during World War II offers a comprehensive exploration of the most significant issue in that period s social imaginary the Jewish question With extraordinary nuance she analyzes the discourse around Jews and Judaism that pervaded the Resistance s propaganda and debates while closely examining the fate of Jews under Vichy and after Poznanski argues that Jews in France suffered a double persecution one led by the Vichy government the other imposed by the Nazis Marginalization and exclusion soon led to internment and deportation to terrifying places Meanwhile a propaganda war developed between the Resistance and the official voice of Vichy Poznanski draws on a breathtaking array of sources especially clandestine publications and French language BBC transmissions to show how the Resistance both fought and accommodated the deeply entrenched antisemitism within French society Her close readings of propaganda texts against public opinions probe ambiguities and silences in Resistance writing about the persecution of the Jews and in parallel the numerous and detailed denunciations that could be read in the Jewish clandestine press This extensive synthesis extends to the post Liberation period during which the ongoing persecution of Jews in Europe and North Africa would be portrayed as secondary to the suffering of the nation The winner of the 2009 Henri Hertz Prize by the Chancellerie des Universit s de Paris Sorbonne Propaganda and Persecution makes major contributions to the study of the Resistance and of antisemitism Lenn J Schramm s English translation brings Poznanski s dynamic prose to life *Eleven Days in August* Matthew Cobb, 2013-04-11 I had thought that for me there could never again

be any elation in war But I had reckoned without the liberation of Paris I had reckoned without remembering that I might be a part of that richly historic day We were in Paris on the first day one of the great days of all time Ernie Pyle US war correspondent The liberation of Paris was a momentous point in twentieth century history yet it is now largely forgotten outside France Eleven Days in August is a pulsating hour by hour reconstruction of these tumultuous events that shaped the final phase of the war and the future of France told with the pace of a thriller While examining the conflicting national and international interests that played out in the bloody street fighting it tells of how in eleven dramatic days people lived fought and died in the most beautiful city in the world Based largely on unpublished archive material including secret conversations coded messages diaries and eyewitness accounts Eleven Days in August shows how these August days were experienced in very different ways by ordinary Parisians Resistance fighters French collaborators rank and file German soldiers Allied and French spies the Allied and German High Commands Above all it shows that while the liberation of Paris may be attributed to the audacity of the Resistance the weakness of the Germans and the strength of the Allies the key to it all was the Parisians who by turn built street barricades and sunbathed on the banks of the Seine who fought the Germans and simply tried to survive until the Germans finally surrendered in a billiard room at the Prefecture of Police One of the most iconic moments in the history of the twentieth century had come to a close and the face of Paris would never be the same again

*Western and Northern Europe 1940-June 1942* Katja Happe, Michael Mayer, Maja Peers, 2021-12-31 Executive editors Katja Happe Michael Mayer and Maja Peers with Jean Marc Dreyfus English language edition prepared by Caroline Pearce Johannes Gamm Georg Felix Harsch and Dorothy Mas In April May 1940 the German Wehrmacht invaded Northern and Western Europe The subsequent occupation of Norway Denmark the Netherlands Belgium Luxembourg and France brought the Jewish population of these countries both established residents and refugees under German control From autumn 1941 in Luxembourg and from spring summer 1942 in Belgium the Netherlands and occupied France Jews were required to wear the Jewish star and many were subjected to forced labour By mid 1942 deportations from Luxembourg and France to the ghettos and extermination camps in occupied Eastern Europe had already begun while in the other occupied countries they were imminent In April 1942 Alfred Oppenheimer the Jewish elder in Luxembourg wrote A dreadful fate hangs over our community again The worst that can happen has now happened and the Poland transport is a certainty This volume covers Norway and Western Europe during the period from the German invasion to mid 1942 developments in Denmark for this period are documented in vol 12 and records how Jews in these parts of Europe were excluded from society and stripped of their rights livelihoods and property Letters and diary entries by the persecuted Jews detail life under German occupation and the attempts by many Jews to emigrate The sources show how Jewish organizations sought to alleviate the impact of persecution and how the German occupiers and local collaborators targeted Jews with increasingly stringent measures and clamped down on any form of resistance Learn more about the PMJ on <https://pmjdocuments.org>
