Caro A Novel:

Caro Bernard Packer,1976 **The Subversion of Romance in the Novels of Barbara Pym** Ellen M. Tsagaris,1998
Points out how British novelist Pym 1913 80 parodied the conventions of romance novels by deflating characters hyperbole and exaggeration or emphasizing meticulously the mundane elements of everyday life Shows how she used food clothes heroin and hero characterizations and marriage customs to portray her characters and perhaps her own skepticism about the whole business Paper edition 764 0 18 95 Annotation copyrighted by Book News Inc Portland OR The Bookseller & Latest Literature ,1906 An Encyclopedia of Continental Women Writers Katharina M. Wilson,1991 First Published in 1991
Routledge is an imprint of Taylor Francis an informa company **The Feminist Encyclopedia of French Literature** Eva M. Sartori,1999-07-30 The earliest known literary productions by women living in Europe were probably written by French writers As early as the 12th century women troubadours in the south of France were writing poems French women continued writing through the ages their number increasing as education became more available to women of all classes And yet of the great number of works by women writers who preceded the current feminist movement very few have survived A few writers such as Marie de France George Sand and Simone de Beauvoir became part of the canon But critics mostly male had judged the works of only a few women writers worthy of recognition As part of the feminist move to reclaim women writers and to rethink literary history scholars in French literature began to take a new look at women writers who had been popular during their lifetimes but who had not been admitted into the canon This reference book provides extensive information about French women writers and the world in which they lived Included are several hundred alphabetically arranged entries for authors literary genres such as the novel poetry and the short story literary movements such as classicism realism and surrealism life cycle events particular to women such as menstruation and menopause events and institutions which affected women differently than men such as revolutions wars and laws on marriage divorce and education The volume spans French literature from the Middle Ages to the present and covers those writers who lived and worked mainly in France The entries are written by expert contributors and each includes bibliographical information The entries focus on each writer s awareness of how her gender shaped her outlook and opportunities on how categorizations structures and terms used to describe literary works have been defined for women and the ways in which women writers have responded to these definitions The volume begins with a feminist history of French literature and concludes with a selected general bibliography and a chronology of women writers **The Codification of Jewish Law on the Cusp of Modernity** Edward Fram,2022-04-28 For more than four centuries Jewish life has been based on a code of law written by Joseph Caro his Shul an aruk set table The work was an immediate best seller because it presented the law in a clear and concise format Caro s work however was methodologically problematic and was widely criticized in the first generations after its publication In this volume Edward Fram examines Caro s methods as well as those of two of his contemporaries Moses Isserles and Solomon

Luria He highlights criticisms of Caro s legal thought and brings alternative methodologies to the fore He also compares these three jurists while placing their methods and cases in their historical intellectual and religious contexts Fram s volume ultimately explains why Caro s methodologically problematic work won the day while more sophisticated approaches remained points of legal reference but fell short of achieving the acceptance that their authors hoped for

The Saturday Review of Politics, Literature, Science and Art, 1876 The Power Broker Robert A. Caro, 1974-07-12 PULITZER PRIZE WINNER A modern American classic this huge and galvanizing biography of Robert Moses reveals not only the saga of one man's incredible accumulation of power but the story of his shaping and misshaping of twentieth century New York One of the Modern Library's hundred greatest books of the twentieth century Robert Caro's monumental book makes public what few outsiders knew that Robert Moses was the single most powerful man of his time in the City and in the State of New York And in telling the Moses story Caro both opens up to an unprecedented degree the way in which politics really happens the way things really get done in America's City Halls and Statehouses and brings to light a bonanza of vital information about such national figures as Alfred E. Smith and Franklin D. Roosevelt and the genesis of their blood feud about Fiorello La Guardia John V. Lindsay and Nelson Rockefeller But The Power Broker is first and foremost a brilliant multidimensional portrait of a man an extraordinary man who denied power within the normal framework of the democratic process stepped outside that framework to grasp power sufficient to shape a great city and to hold sway over the very texture of millions of lives We see how Moses began the handsome intellectual young heir to the world of Our Crowd an idealist How rebuffed by the entrenched political establishment he fought for the power to accomplish his ideals How he first created a miraculous flowering of parks and parkways playlands and beaches and then ultimately brought down on the city the smog-choked aridity of our urban landscape the endless miles of never sufficient highway the hopeless sprawl of Long Island the massive failures of public housing and countless other barriers to humane living How inevitably the accumulation of power became an end in itself Moses built an empire and lived like an emperor He was held in fear his dossiers could disgorge the dark secret of anyone who opposed him He was he claimed above politics above deals and through decade after decade the newspapers and the public believed Meanwhile he was developing his public authorities into a fourth branch of government known as Triborough a government whose records were closed to the public whose policies and plans were decided not by voters or elected officials but solely by Moses an immense economic force directing pressure on labor unions on banks on all the city's political and economic institutions and on the press and on the Church He doled out millions of dollars worth of legal fees insurance commissions lucrative contracts on the basis of who could best pay him back in the only coin he coveted power He dominated the politics and politicians of his time without ever having been elected to any office He was in essence above our democratic system Robert Moses held power in

the state for 44 years through the governorships of Smith Roosevelt Lehman Dewey Harriman and Rockefeller and in the city for 34 years through the mayoralties of La Guardia O Dwyer Impellitteri Wagner and Lindsay He personally conceived and carried through public works costing 27 billion dollars he was undoubtedly America s greatest builder This is how he built and dominated New York before finally he was stripped of his reputation by the press and his power by Nelson Rockefeller But his work and his will had been done
